Henry George's Last Work.

The book upon which Henry George spent the last six years of his life will be published this month by Mr. George N. Morang, Toronto. It will make a large octavo volume and contain about as much matter as "Progress and Poverty," the surprising popularity of which is attested by the fact that over 5000 copies have been sold during the past month. The new book will be entitled "The Science of Political Economy," which the author characterizes in his introduction as follows: "Of all sciences political economy is that which to civilized men of the day is the most practical importance. For it is the science which treats of the nature of wealth and the laws of its production and distribution; that is to say, of matters which affect the larger part of the thought and effort of the vast majority of us—the getting of a living." Mr. Morang also announces for publication in February "Business Data," by Anthony Hope. The book will be about 400 pages, containing eight full page illustrations.

STRAW PAPER.

A Correspondent Makes Some Good Suggestions.

To the Editor of the INTELLIGENCER.
DEAR SIR:—When about to commence my letter I was intending to direct it to a Mr. Stephen Lazer, manufacturer of straw paper, on the waterfront road, near Belleville, but it being several years since I was acquainted with him, and not knowing whether he was in business or not, I came to the conclusion I would write to the INTELLIGENCER.

The object of my writing is not for my personal benefit, nor that I know would benefit the farmers here, but I do believe there is something good right here for the straw paper manufacturer.

So far as I know there are no straw paper mills in the territory, though I am not a laboring man and not very well posted as to what is going on in the North-West.

At Katespaw, on the Ottawa River (although I have not seen it yet), I believe would be a very good place for a straw paper mill. I believe I would have a very good market for it in the States. Why not in Canada? I believe paper will take the place of lumber yet for a great many things in the line of building, etc.

I cannot dwell any more upon the subject at present, but if any one should be interested enough to make enquiries, may write to me and I will give what information I can to obtain the desired information for them.

Yours very truly,

Installation of Officers.

A jolly time was spent by the members of Derry Lodge of True Blues last evening. The occasion was the installation of their newly elected officers. Past Master W. C. Curry, of Trenton Lodge, was installing Master, and after the ceremony the brethren partook of refreshments and spent a pleasant hour in toasts, speeches, etc. Following is a list of the officers installed:

W. M.—Chas. Thompson.
D. M.—F. B. Nagler.
Treasurer—J. H. Gerow.
Chaplain—W. Wessels.
D. of C.—D. Coyne.
Conductor—J. Campbell.
I. T.—W. C. Baker.
O. T.—E. Jordan.
Chairman of Committee—W. J. Bird.

Magistrate Flint's Court.

A boy named Jay Smith, who has been arrested several times on charges of petty larceny, was arrested this morning on the charge of stealing hay from Daniel Tanner, the driver of the Ivanhoe stage. It appears he took the hay in small quantities and sold it to the farmers to feed their horses. The Magistrate read him a severe lecture and gave him a suspended sentence of three years in the Reformatory.

BACK ON THE HILL.

John Malven, better known as "Crab," has been out of jail for a few days, but at that time he has managed to absorb a large quantity of any kind of drink (water excepted) that came in his way. The police pulled him on an old commitment and he has gone back on the hill, where he will shovel snow for two months.

OBITUARY.

A promising young life was cut off yesterday by the death of Alvin W. Johnston, at the residence of his stepfather, Mr. Doughty, who resides in Thurlow, just west of Belleville. The young man was attacked several weeks ago with typhoid fever, and complications set in and carried him off. Deceased was in his nineteenth year and a promising young man. The funeral will take place on Saturday at 10.30 a.m.

Illustrated Buffalo Express.

In these days of syndicated newspaper matter it is a relief to read the Illustrated Buffalo Express. This journal buys the best of syndicated matter, but continues to make its leading feature the work of its own writers and artists. The Express is wise to adhere to this policy, for it makes a paper of wider news value, and much higher literary quality, than is possible where one relies on cheap "syndicates." The Illustrated Express deserves its popularity.

A BOGUS CONFESSION.

John Murray Tells the Windsor Police About the Napanee Bank Robbery
The Toronto detective department is in communication with the Windsor police respecting a person giving the name of John Murray, who arrived in the latter place on Tuesday, last and sought out the chief of police, to whom he stated that he knew something about the Napanee bank robbery.

Murray could not give any information to Windsor set instead of Toronto, but later he said he was travelling salesman for a Toronto tailoring house, that he had become intoxicated and sold his sample case for \$10. It was at first thought that Murray might have been implicated in the burglary of the store of J. J. Follett, the tailor of 181 Yonge street, Toronto, but inquiry revealed the fact that a person of his name was formerly a native of Oshawa, where he carried on a tailoring business. Some time ago he received a sample case from Mr. Follett, but as he received no orders he was requested to return it and did so about a week since. He was in Oshawa shortly before the end of December.

The Windsor police have liberated him, attaching no credence to either of his stories.

A Lot of \$5 Suits.

You can get a pretty fair suit of clothes these days for \$5. The Oak Hall have generally a very fine lot at this price. We are just getting settled in our new store, and in going through our \$7 and \$8 suits we find a lot of old ones, some lines just a 36, others a 38 or a 40. We have bunched these old suits and put them in to sell at \$5. Is the first choice worth anything?

Two Coincidences.

On Wednesday morning a fire occurred in the residence of Mrs. J. T. Warrington, of this city, and on the afternoon previous a fire took place in the residence of a Mrs. Warrington, Peterborough.

A fire occurred yesterday in the Kingston penitentiary and the convicts put it out after a hard fight. A fire also occurred in Sing Sing Prison, New York, yesterday, and it was also put out by the convicts.

OUR GOLD MINING REGION.

Grand News From the Marmora-Belmont District.

The Cordova Exploration Co.'s Plant Opened by Miss Grace Carscallen
—An Expert's Description of an Up-to-Date Reduction Plant—A Good Time in the Marmora Region
—Wealthy Concerns Have Come to Stay.

(From a Correspondent.)

Marmora, Jan. 7.
An incident of great benefit to the mining district of North Hastings and one of similar interest to the whole province, took place lately at the Belmont mine, near this place, now being operated by the Cordova Exploration Co., Limited, of Newcastle-on-Tyne, England. I refer to the official opening of the company's new stamp mill by Miss Grace Carscallen, daughter of A. W. Carscallen, M.P., who formerly owned and developed the property.

The opening took place in the presence of a number of persons who had been invited by the General Manager, Mr. David G. Kerr, of Glasgow, Scotland, late Superintendent of one of the mines of this same company in Norway, who arrived in this country to take charge of the property on the 10th of August.

In company with Mr. Kerr, the party made an examination of the main shaft, which is sunk to a depth of 132 feet, and is now being further developed by sinking and drifting. A level is being run at a depth of 70 feet and one at the bottom of the shaft. Both of the levels are turning out good ore, highly mineralized and rich in the precious metal.

The shaft house over the opening of the shaft is large and capacious, with a dressing room for the men attached. It contains a large steam hoist, steam pump, ore cars, or skips and all the adjuncts necessary to speedily and economically taking from the bowels of the earth the quartz containing the gold. From the shaft house to the mill, a distance of 200 feet, is erected a very substantial tramway, on which it is the track over which the cars containing the ore are run to the mill, and are dumped on to the grizzly, through which the smaller pieces go and the larger pieces are put through the large Blake crusher, and are broken to the proper size to be fed into the stamps, which are gauged so that only the proper quantity is fed to each battery of stamps. Below the latter are the amalgamation tables, which collect the precious metal freed by the stamps. Below the amalgamation tables are two vanners, over which the pulp is run and the concentrates are collected and saved for future treatment.

On the arrival of the party in the engine room, Miss Carscallen very gracefully and courageously pulled the lever starting the machinery, when every part of the plant was set in motion, and the regular dropping of the stamps soon reduced to a pulp the ore being therein, the steady flow of water taking it over the stamps, soon coating them with a covering of amalgam, which, after being retorted and melted, yields the bright yellow gold so pleasant to the eye and so greedily sought after by high and low.

While it is impossible to give a full description of the mine and plant in a short article that would be understood by the general public, it is only right to say that Mr. Kerr, the competent and experienced manager, who, in the few short months since his arrival in a strange country, has made the mine and plant, which was wholly unfamiliar, has worked such a transformation, deserves the highest praise. The completion of this plant, the building, the erecting of the necessary machinery, the erecting of the necessary buildings, such as houses, brick assay office, and many other minor but necessary details in so short a time is certainly worthy of commendation and shows what energy, industry and close attention to one's business, can do.

The mill was erected by the machinery built and put in place by the Wm. Hamilton Mfg. Co., Limited, of Peterborough, and speaks well for that firm, who are so widely and favorably known throughout the Dominion as mining machinery manufacturers. The construction was under the supervision of Mr. Richard Prout, of Marmora, which in itself is a sufficient guarantee of excellence, strength and convenience.

The whole plant reflects credit upon all concerned with it and especially on Mr. Kerr, the effects of whose guiding hand are everywhere visible, making it the most complete, substantial and convenient mill the writer has ever seen.

After the ceremony of opening and inspection was over and after visiting the Assay Office which is in charge of Mr. Geo. Hardy, chemist, of Newcastle-on-Tyne, a young employee of the Cordova Exploration Co., the party were entertained to a sumptuous repast at the manager's residence.

The whole day passed agreeably and profitably and our thanks are due to Mr. Kerr for a very pleasant time.

NOTES.

The Belmont is booming up and will be a gold mine of some magnitude. The development work being done is proving the property to be rich, and the daily working of the stamps, with the regular clean up of the gold, substantiate the favorable reports already made by experts who have examined it. The men who are working it are especially on Mr. Kerr, the effects of whose guiding hand are everywhere visible, making it the most complete, substantial and convenient mill the writer has ever seen.

A reliable party states that the Canadian Gold Fields Company have capitalized their property at £10,000,000 sterling and are preparing to extract the arsenic and sulphur from the tailings at their Deloro mine. Our informant adds that arsenic is now worth \$100 per ton, there being but three years' supply on hand in the world. This he says, gives to operators in this region virtually a "corner" in arsenic.

AN APPEAL TO ENGLAND.

The Anglican Diocese Sends to the Old Country for Funds.

The Archbishop of Ontario, Rev. Dr. Lewis, has made an announcement pertaining to the deplorable state of the finances in the diocese of Ontario, which will be of great importance to all Anglicans. The Archbishop at a meeting held in Brockville last night stated that the old Diocese of Ontario had been one of the most flourishing in Canada, but by the recent division in the diocese it had been converted into a merely agricultural diocese. The missionary work of the diocese, which was formerly a large and important one, and the superannuation funds are all in a deplorable financial condition. Altogether about \$100,000 is required to straighten matters, and the Bishop proposed to raise \$25,000 of that sum in the Ontario Diocese, and a deputation consisting of Archdeacon Bedford-Jones and Judge McDonald will be sent to England to petition the church there to help out their people in Canada to the extent of \$75,000.

What Everybody Knows,

Or ought to know, is that health and even life itself depend upon the condition of the blood. Feeling as it does, all the organs of the body, it must be rich and pure in order to give proper nourishment. Hood's Sarsaparilla makes the blood pure, rich and nourishing, and in this way strengthens the nerves, creates an appetite, tones the stomach and builds up the system. Hood's Sarsaparilla wards off colds, pneumonia and fevers, which are prevalent at this time.

A Farm Fire.

On the 4th inst., during the afternoon, Mr. and Mrs. J. D. Clapp, of the 3rd con. of Thurlow, came very near losing all that they possessed by fire. In some manner, before being put out about thirty five loads were consumed. The fire extended to within ten feet of the farm buildings. Both Mr. and Mrs. Clapp had their hands severely burned.

New Ulsters Just In.

The Oak Hall have just placed in stock a large shipment of new ulsters in cloth and black to sell at \$5, \$7 and \$8. These coats have been bought at a snap, and the value at the prices named is something extra. See the signs we are wearing in boys' ulsters, \$1, \$2, \$3, \$4 and \$5.

A Farmer Robbed.

Mr. Bryant, a farmer who lives on the front of Sidney, reported this morning to the Chief of Police that five bags of grain were stolen from his barn last night, also that harness and meat had previously been stolen from the same place. The Chief referred him to the Police Magistrate and the County Constables.

Early Spring Birds.

Haines and Lockett received today the invoice of 17 cases spring stock Boots and Shoes from the well-known firm of J. D. King Company, Toronto, a portion of their spring order. As they are not loaded down with old stock, they will open these spring stock at call. Call and see the quality if you want up-to-date shoes.

WHISKEY STILL SEIZED

The Owner, a Farmer, Cleverly Caught and Imprisoned.

An illicit whiskey still was seized yesterday from William Chaffin, of the Township of Emily, County of Victoria, about seven miles east of Ladysmith. Chaffin is a farmer, and it has been known to the Government officials that he was in the "Mountain Dew" business, as it is called in the Southern States, for some time past, but, owing to the proverbial cunning of men in this illicit trade, he was not "landed" sooner. The seizure was made under instructions from District Inspector W. L. Hamilton, who sent a Toronto Private Officer to Chaffin's farm, where the still was located, and the "manufacturer" was looked up. The case was brought before the Police Magistrate at Peterborough this morning, when the prisoner pleaded guilty. He was fined \$100 and sentenced to one month's imprisonment in gaol with hard labor.

Remember, no discount on gas bills after Jan. 15.

Bargains in Youths' Ulsters.

In sizes 31 to 35 the Oak Hall are offering some very special value. We find we are overstocked in this line, and for the balance of the winter you may have a discount of 20% on all except the \$4 and \$5 ones. These lines cannot cut, as they are sold at too close a profit to allow any further discount.

Y. M. C. A. Notes.

Berean Club meets to-night at 8.30. The Basket Ball team left for Peterborough to-day, where they play with a team of that place to-night.

The crying need of the young men's meetings on Sunday afternoon is better music. Secretary Herdman is endeavoring to form an orchestra from among the members. He has secured three young men with instruments and has another who plays the cornet, but is in such circumstances that he cannot procure one. There is a cornet in W. B. Riggs' for \$5. Mr. Herdman has his heart set on it, and would be very much obliged to some friend of music and young men would donate the instrument or send a subscription for that purpose.

Following committees were appointed by the President of the Young Men's Christian Association for the year 1898: Religious Work—W. W. Chown, Chas. E. Reid, W. B. Riggs, E. F. J. Jones, H. A. Weeks, Rev. R. Wallace, W. H. Gordon. Hotel Invitation—John Cook, Geo. Hall. Street Distribution—E. P. Frederick, Robt. Garrett. Seamen's Literature—J. R. Craig, H. C. Hunt. Church Committee—Bridge street, C. M. Reid, Geo. Hall; Tabernacle, Robert Garrett, S. A. Gardner; West Belleville, W. J. Magrath, H. W. Vandervoort; St. Andrew's, John J. McLeay, Wm. Black; John street, W. C. Mikol, J. W. Cook; Reformed Episcopal, J. R. Craig, Dr. Elliott, Baptist, W. H. Reid, E. A. Ward; Christ Church, Geo. R. Moore, Walter Alford.

FINANCE—W. B. Riggs, C. M. Reid, Dr. Elliott, D. V. Sinclair, E. F. J. Jones, Geo. E. McCarthy, H. C. Hunt.

Weights and Measures.

The Ottawa Citizen of yesterday says: "The conference of Chief Inspectors of Weights and Measures is being held at the Inland Revenue Department, Messrs. A. T. Freed, of Hamilton, Ont.; Wm. Johnson, of Belleville, Ont.; J. A. Chahut, Montreal and A. T. Wilton, St. John, N.B., with Mr. Ormond Hignam, chief electrical engineer and Mr. A. Dolon, of the Inland Revenue Department, compose the conference. The weights and measures act, its regulations and administration are being reviewed, with a view to its amendment. The conference, which commenced Monday morning, is likely to be in session all this week."

Disgracefully Obscene.

Several who attended the so-called "Paris Gaiety Girls" last night in the opera hall all at once the whole show, or portions thereof, were positively vulgar and obscene. As they are billed for two more nights, would it not be well for the police to do their duty by stepping in and stopping this performance if it is of the character represented? This sort of thing should not be allowed in our midst.

PROVINCIAL CONVENTION

Of the Y.M.C.A. for Ontario and Quebec—it Will Meet in Brantford.

The twenty-eighth annual provincial convention of the Young Men's Christian Association of Ontario and Quebec will be held in Brantford next week from January 20th to 23rd.

The programme, as published, represents subjects for discussion embracing every feature of the many sided work for the young men of our province.

The papers and addresses are in charge of leaders in the work embracing the following: Messrs. John R. Mott and W. B. Miller, of New York; Mr. Frank Ober, editor of "Men," Chicago, and Mr. J. F. Moore, of New York, International Secretary of the Railroad Department.

Among the Canadian speakers are Messrs. J. Penman, Paris; C. S. Growski, Jr., Toronto; Rev. C. H. Kimball, Aylmer; D. A. Budge, Montreal, and Mr. H. H. Baxton, of Peterborough, the latter having charge of a paper on "The Ideal Physical Department."

Rev. Elmore Harris, of the Toronto Bible Training School, has charge of the "Bible Studies," which are always the central feature of the convention, as the Bible is the centre of the work.

The Woman's Auxiliaries of the Association have their convention in the same city at the same time, and a number of ladies, prominent in association work, will take part.

Peterborough Association will in all probability entertain the convention next year.

The INTELLIGENCER being the only Conservative paper in Belleville, and having the largest circulation, is the best advertising medium. Advertisers using the two Liberal papers pay two prices to reach one class of readers.

A good deal is being said about the "sensational" newspaper. One would suppose that there is no other kind, but we have in mind a notable example of a great newspaper which is never dull, is always bright, up-to-date and clean, and yet is never "sensational." We mean The Illustrated Buffalo Express.

On Friday evening, Jan. 14th, 1898, an interesting debate between Albert College and the City will take place on the following question: Resolved, "that men have more for fame than they have for liberty." MANITOBA AND ENCICLOPEDIA.

News from Manitoba informs us that "a gentleman who is prominent in local Government circles stated to a reporter that it did not follow that because the "encyclopedia enjoin Canada to believe in the alleged right of the Manitoba minority to separate schools, the Government would acquiesce. On the contrary, he thought that the encyclopedia would have a very opposite effect, that nothing could be accomplished in the direction of the Catholics sought by means of an act emanating from the head of a church living in a foreign country, and whose right to interfere in the Government of Canada was not admitted in the written constitution of the land."

Why did not these Liberals take this ground before they implored the intervention of the head of a church living in a foreign country? The Conservatives took their stand upon the ground of constitutional rights, never asked for the Pope's opinion or direction in the matter. It was the Liberals who petitioned and prayed for this intervention. Now they have it, and now they repudiate it, because the Pope does not approve their political trickery. This repudiation is only on a par with their whole political record.

In the first place, we had Sir Wilfrid's pledge that he would send an ambassador to investigate the whole school question before doing anything. This he did not do. Next we find him and other Liberal members of Parliament signing a supplication to the Pope, asking him to send a delegate to Canada to look into and report upon the condition of affairs in Manitoba. This was followed by a semi-official mission by Abbe Drollet, then followed the Solicitor-General, Mr. Fitzpatrick, in company with the son of the Lord Chief Justice of England, to plead with His Holiness for an approval of the Laurier dicker with Greenway. Nor was this all. Sir Wilfrid went himself and bowed the knee, as a humble suppliant, to the Pope. Well, the delegate came—investigated—reported, and the Pope has spoken, not as they wanted, hence they repudiate his decision and commands, on the ground that "the head of a church living in a foreign country" has no "right to interfere in the Government of Canada," such right not being "written" in the "constitution of the land." Precisely the ground taken by the Conservative party in dealing with the question. Their position was one of constitutional rights, not one of faith. The Liberals appealed to the Pope, and he has decided against them, upon both points, constitutional rights and faith. Now, it is for them to wriggle and twist, and make their peace with him, whom they sought to beguile into their way of thinking.

LAUGH AND GROW FAT.

The following four items appeared in the columns of the Times (Great Britain) before last. They are indeed humorous, and we reprint them for the amusement of our readers:

Major Johnson is so busy with important ministerial matters that he really will not be able to do anything for his successful rival, Morrison.

Morrison, of Trenton, will learn in the course of a month or so that his selection as a candidate was the kindest thing ever done for him by his friends.

Trenton people are not especially pleased at Major Morrison's ambition to represent the riding in the Legislature. It is his town, and they think rightly enough that if he is to be its Mayor he will have enough to think about without bothering his head with other business.

SNAP SHOTS AT TIMELY TOPICS.

Mr. Hardy proposes to compound for his own misdeeds by fathering a law which is intended to make other people "very, very good" on Sundays.

The people will not have Mr. Charles Langelier in any position in their gift, but Sir Wilfrid Laurier has the same contempt for the people which the late W. H. Vanderbilt expressed in a terse but profane way some years ago.

He has been re-elected as U. S. Senator for Ohio, in spite of Governor Bushnell. That's what the matter with Hanna—Mark Hanna, President McKinley's alter ego.

THE PARLIAM. DEBATE.

A More Wordy Day Than Usual in the House Yesterday.

Another Debate on Timber—Hills That Have Not Become Active—Two New Governmental Measures—The Cheese Disputes—The Railway Subsidies for This Session Brought Down—A Total of \$525,000 to be Granted.

Toronto, Jan. 13.—When Hon. J. M. Gilmour's bill respecting the manufacture of pine out on the Crown domain came up for a second reading in the Legislature yesterday it precipitated a lengthy debate on the timber question. The discussion began in the afternoon and continued until midnight, when the bill was read a second time. Mr. Ross introduced and read a first time bill to amend the High School Act, and the Attorney-General brought in one "respecting bail."

High School Districts.

Hon. G. W. Ross introduced and had read a first time bill to amend the High School Act. Some of the court judges have held that a county council, in laying out a high school district, must make it consist of a whole municipality. The bill renders it impossible to include with a town the lands belonging to municipalities as part of a high school district.

Butter and Cheese Disputes.

Mr. Taylor introduced an Act respecting disputes in the purchase of butter and cheese. It provides for the application of the Board of Trade arbitration regulations to such disputes, and the arbitrators to be appointed by the butter and cheese associations.

Hills That Are Now Active.

The bills were given their third and final readings.

To Establish Forest Reserves.

To amend the Act respecting the Public Service of Ontario.

To amend the Surrogate Court's Act.

To amend the Act respecting the federation of University of Toronto and University College with other universities and colleges.

Respecting the County of Simcoe.

Two Government Measures.

Two Government measures passed the committee stage, one to facilitate the purchase of toll roads by municipalities, and the other respecting the investment of court funds. The latter was so amended as to allow the investment of court funds in such cases as well as in municipal drainage debentures.

Another Debate on Timber.

Hon. J. M. Gilmour then asked a second reading for his bill respecting the manufacture of pine out on the Crown domain.

The Minister stated that the bill was found with the bill, both in and out of the House, was that it did not go far enough. It was impossible to make it go further unless the Government made it act from the present time. But, as he had stated in a previous debate, the Government could not break the contract with those who had already purchased limits.

It seemed to be feared that a very large tract would be made available to a number of logs would be taken out of the country this winter and spring, owing to the pending expiration of the Government's new restriction measure to apply after April 1 next. It was always possible to ascertain the probable cut of a tract by the number of logs that were taken into the woods in the early winter by the lumbermen.

Mr. Gilmour asserted that this year's cut would be about 150,000,000 feet of pine. This would be 62,374,000 feet of pine, which would be 62,374,000 feet of pine.

Mr. Whitney—Do you mean the cut for export alone?

Mr. Gilmour—Yes. The cut for export!

Mr. Whitney—But America!

Mr. Gilmour—No! By Canadians and Americans.

Some Oppositionists. Mr. Gilmour went on, had stated that this bill was only an election dodge, and that its provisions would be got rid of at the next election by the interference of the Dominion Government, with which the Ontario Government was in collusion. He contradicted the statements that the Government had not been sincere in bringing in and pushing this bill.

Member for North Toronto.

Mr. Martier, in reply, stated that the matter seemed to have simmered down to a question as to whether the exportation of logs from Canada should be restricted or not.

TARTE'S ADMISSION.

The Minister of Public Works Says He Found He Could Buy as Cheaply Without Tenders.

Ottawa, Jan. 13.—Mr. Tarte admits that he has made a deal without tender with Abner & Co. to procure the planing for the alterations in the departmental buildings. He says he made enquiries and found that it would be just as cheap to procure with private parties, as to do the work last year, and that he acted upon Mr. Foster's suggestion made in the House last year.

Pressed for a Retard to Nova Scotia.

Premier Murray and Attorney-General Lobley of Nova Scotia went west yesterday. Tuesday they appeared before the Senate to defend the claims of Nova Scotia for a refund of subsidy amounting to \$500,000 on the Intercolonial Railway, which is part of the Intercolonial system.

Civil Servants and Salaries.

Civil servants are naturally anxious to learn the intention of the Government regarding increases in salaries. It will be remembered that last session the Government proposed to increase salaries in a few cases in the Post-Office Department. Although some departments have included increases all around, in the draft to council it does not appear likely the Government will ask Parliament to give a general increase. The matter will be left with the deputy heads of departments to recommend increases in the cases of deserving clerks.

Personal and General Notes.

Hamilton McCarthy, R.C.A., the well-known sculptor, is in town. He has been positioned with the Government a model for a statue of the late Alexander Mackenzie.

John Appleton, President of the Winnipeg Trades and Commerce Convention, has been associated with Judge Dugas and Mr. Pelly to inquire into the grievances of workmen on the Crow's Nest Pass Railway.

Lieut. Governor Patterson of Manitoba is the guest of Mr. Sifton.

INDECENT ASSAULT.

A Tramp Charged with the Crime.

Arrested.

A tramp giving the name of George

Lawler, who has been arrested and charged

several days, has been arrested and charged

with indecent assault upon a little girl

about six years of age. It appears that

the child was sent by her mother to the

butcher's for meat, and upon her return

she came to the house by the back way

and was called into a closet by a man,

when the alleged assault took place. Lawler

was arrested as answering the description

of the brute who committed the outrage.

He denies the charge and has been

remanded until to-morrow. Lawler says

he is an Irishman and a tinsmith by

trade. Happily no serious injury was

done to the child.

Is Your Daughter in School?

There are thousands of sickly school girls

dragging their way through school who

might be enjoying the full vigor of their

youth by taking Scott's Emulsion.

What is home with a coal-burn anywhere?
And what's a coal-burn without the right coal in it?
Of course Coal is Coal, but it differs as much as horses do, or water and
watches. WE KNOW THE SCRANTON COAL is the best. We know there is
also called coal equal to it. If you've tried other kinds and ours you know that's
If you haven't tried ours yet, we're not going as good as you ought to have.

Wm. Templeton was beaten in the Vancouver Mayoralty contest by J. F. Gardner. The principal issue at stake was a music hall question. Gardner favored them and received a majority in all the wards.

Round Corned Cards, All Home Cards, Visiting Cards, Promising Cards, To Let Cards and everything to be found at a first-class printing establishment can be secured at moderate prices at the INTELLIGENCER.

The INTELLIGENCER being the only Conservative paper in Belleville, and having the largest circulation, is the best advertising medium. Advertisers using the two Liberal papers pay two prices to each one class of readers.

Mr. C. J. Howell lost his valuable steel-bone Great Dane dog "Lady Evelyn" yesterday, it having died from inflammation. The dog was presented to him about a year ago by Senator Sanford of Hamilton.

A freight train made a remarkably fast run on the G.T.R. from Belleville to Brockville Friday, covering the distance in three hours and six minutes, which is better than any time. The train was in charge of Conductor Estlin of Brockville Times.

The Illustrated Buffalo Express has entered upon its thirteenth year as an original, high-grade illustrated paper, issued as a daily. There is nothing else in the world with which to compare it. It has improved steadily, year by year, and its attractiveness in every issue this year indicates that it is in the very best of health and is a new standard in the world. It certainly grows steadily in popularity and in circulation.

Y. M. C. A. Notes.
Yesterday's meeting for men in the Y. M. C. A. was addressed by Mr. N. D. McArthur, on "Behold, I stand at the door and knock." The address was very impressive.

The Board of Directors met this evening at 8 o'clock.

In the gymnasium on Saturday the juniors held Mr. Herdman on the floor, and Arthur Johnson, in a neat speech, presented Mr. Herdman with a number of books in a case, on behalf of the juniors.

Married at Napanee.
Mr. Harry Hill, of Melrose, was married on the 12th inst. to Miss Gertrude Simpson, at the residence of her uncle, T. Symington, Napanee. They were tendered a reception at their new home by a number of the young people of Melrose on Thursday evening.

SPORTING NEWS.

HOCKEY.

The Peterborough team defeated the crack T.A.C. team of Toronto by 17 to 7. It was the same team that played the Belleville team, so the latter have no reason to feel ashamed.

The Napanee team has dropped out of the Quince League, leaving only Pictou, Deseronto and Belleville. They could not raise the necessary cash to deposit. The team may play here this week.

Manager McKewen has been promised a game here with Peterborough some time before the end of the month.

On Saturday night the Carling Club chess rinks for the annual match, President vs. Vice President.

Fred Gilbert of Spirit Lake, La., defeated J. A. R. Elliott 15 to 9 in the live bird shooting match for the Dupont Trophy.

The total receipts of the Yale-Princeton football game were \$28,305, and the expenditure \$1,231. Princeton and Yale each received \$12,082 as their share.

Ives and Catton will open the handicap billiard tournament in Chicago to night. Of the five entries, Ives and Schaefer each play 40 points to 30 for Catton, Spinks and Sutton.

At Adelaide, South Australia, Jan. 15.—At the close of the day to-day, in the cricket match between the Australian eleven and the visiting English eleven, the former had scored 225 runs for 9 wickets down.

The steam yacht which Designer Geo. L. Watson had in hand for James Gordon Bennett of the New York Herald is to be 100 feet long, and is expected to cross the Atlantic at 15 knots speed for the whole journey.

Dick French won the deciding heat in the free fall at Port Perry on Saturday. The race was 15 feet over a mile, as per measure made by W. E. Yarnold, P.E.S., so that Dick French holds the world's record for a mile on ice.

A number of local specimens will attend the Napanee races to-morrow and Wednesday. The driving park track, where the races will be held, is in fine condition, and the classes are nearly all well filled. Belleville will have representatives in the races.

The entries for the free-for-all at Napanee, which will be decided on Wednesday, are: Corcoran, 2:18; Beethoven, 2:14; Statum, 2:30; Lon H., 2:34; Capt. Hawter, 2:18; Fred Darling, 2:14; Dick French, 2:10; Fred Russell, 2:12; Black Craven, 2:21.

He will compete in the United States championship races on Staten Island, as well as in the figure skating championships on artificial ice in New York City. The fastest skater in the world is giving no races this year.

TO GET THE LASH.

George Lawler Found Guilty and Sent to the Central.

George Lawler, the tramp who assaulted a little girl in an out-house on Thursday evening last, was found guilty by Magistrate Flint this morning. His Worship dwelt at some length upon the enormity of the crime and said it was of altogether too frequent occurrence. He did not think simply sending the prisoner to prison would be a deterrent in this case, as tramps had little terror of imprisonment. He would add whipping, which was fixed by statute. He sentenced Lawler to six months in the Central Prison and to receive twelve lashes. The prisoner proclaimed his innocence, but the evidence was very strong against him.

OBITUARY.

MRS. BYRON DENOYES.

After an illness extending over more than two years, Mrs. Byron Denoyes died at six o'clock on Sunday morning at the family residence, Coleman st. She was a victim of pulmonary disease. Deceased was a daughter of John Steel, who lives in Sidney near Trenton. She had been married to her now deceased husband about nineteen years. One son, John, and her husband survive her. She had lived in Belleville about ten years and was highly respected by a large circle of friends. The funeral will take place on Tuesday at 2:30 p.m. to the cemetery.

ANN BERTIE JAQUETTA RABED.

Mr. and Mrs. J. F. Baird, of Hotel Quince, have the sympathy of their friends in the death of their infant daughter Ann Bertie Jaquetta. The baby, which was about ten and a half months old, was attacked with a severe cold on Friday last that terminated in pneumonia and caused her death yesterday about noon. She was a very bright, healthy child. The funeral, which was private, took place at 3 o'clock this afternoon.

BARLOW.

The infant child of Mr. Charles Barlow, of the D. and D. Institution, died on Friday last at Marmora, where Mrs. Barlow was visiting her parents. The child, which was about eleven months old, died from tryp.

—A new Methodist Church was opened at Stone Ridge on the Brant Indian reservation.

DIED AT VANCOUVER.

William Templeton, a Native of Belleville, Suddenly Called.

Mr. Joseph Templeton, of this city, received a telegram last evening stating that his brother, William, had died at Vancouver, B.C., of apoplexy and heart failure. The following press despatch was also received:

"VANCOUVER, Jan. 16.—Mayor Templeton died this afternoon of an apoplectic stroke, the result of his overwhelming defeat at the recent municipal elections. His death is more tragic since two ex-Mayors died by sudden deaths, ex-Mayor Oppenheimer having died a fortnight ago here, and ex-Mayor Cope a few weeks ago on Skagway trail by a drowning accident."

Deceased, who was born in Belleville, was the second son of the late William Templeton, of this city, and was 44 years of age. He had been married to Miss Mary, of Boston, and she, with four children, survives him. He visited B. C. in 1875, and then saw a brilliant future for the town. He went out again in 1886 and removed there permanently in January, 1887. He went into business there and was very successful. He sat in the City Council for a time and occupied the office of Mayor for the last term. At the municipal elections held last week he was defeated on a side issue, and it is supposed the strain and worry of the campaign, together with his defeat, caused his death. He leaves one brother, Joseph, of this city, and two sisters, Miss Templeton, teacher at the Deaf and Dumb Institute, and Mrs. Brickman, Indian Territory.

The Mr. Templeton was a cleave-awake business man and a good citizen. His many friends in Belleville will regret to hear of his demise.

Why We Sell Boys' Suits.
A woman's confidence is the hardest thing for a store to get and the easiest thing to keep. You can't fool a woman more than you can a child. You can't pull cotton over her eyes and call it wool. You can't make her believe an article is honest if it isn't. The Oak Hall has pleasure in doing business with thousands of mothers and they continue to do business with us year after year. The confidence mothers have in us has been earned by hard work. We do what we can to deserve it. We are offering some very special bargains just now in boys' suits.

Correspondence.

While correspondents will be accorded space for the expression of their ideas on topics of public interest, it must be in all cases understood that views so expressed are simply those of the correspondents themselves.

A Warning.

To the Editor of the INTELLIGENCER.

SIR,—I wish, as the result of experience, to warn farmers and others from using in their stables lanterns the base of which, containing the oil, fastens to the frame with a hinge and projecting clasp. If the clasp, when the lamp is hung up, becomes unfastened, the base drops down and the oil will fall into the straw. This was my unfortunate experience this morning, when the lamp being hung high up in a box stall, a yearling colt touched it with his head, the clasp became unfastened and the place was set on fire as above described. I fought the fire with my hands, which were severely burned, until the man arrived with a pail of water and put out the flames.

Mr. R. T. Mussen Promoted.

Mr. R. T. Mussen, who has been for several years with the local branch of the Bank of Commerce as Accountant, has received a well-merited promotion. He leaves to-morrow to open a new branch for the bank at Dresden, Ont. While here Mr. Mussen has made many friends, not only among the patrons of the institution for which he has labored, but among the citizens generally, by whom he has been highly esteemed. Perhaps in no organization will he be more missed than in the 15th Battalion. He only joined the corps last spring as Lieutenant, but such an active interest did he take in its workings, and particularly in its financial matters, that his loss will be deeply regretted. He was treasurer of the Officers' Mess, and his thorough business methods he introduced into the battalion affairs. He leaves the regiment in the best financial position it has ever been in, which is largely due to his efforts.

SLUGGED THE EDITOR.

W. R. Mernbery, a Toronto Boniface, Journeys to Bancroft, Avenge a Criticism of His Son and Pays a Fine.

Three weeks ago George Weaver, of Maynooth, Ont., was robbed of \$50 or \$60 in a Bancroft hotel, and in his report of the affair the Bancroft Times made an uncompromising reference to Dr. Mernbery, of Maynooth.

Dr. Mernbery, of Maynooth, is a son of W. R. Mernbery, the proprietor of the Daily House, Toronto. On Saturday Proprietor Mernbery took train and reached Bancroft with the avowed intention of thrashing the Times man.

He demanded an immediate interview with D. H. Morrison, the senior member of the Times Publishing Company at the Bancroft House. Morrison appeared but refused to apologize. Mernbery let out with his right hand, caught the newspaper proprietor on the chin and the makeup was general when a by-stander parted the fighters.

Mernbery was summoned for assault, and Magistrate Clerk, of Bancroft, assessed him \$5 and costs.

Great Canadians.

The Chicago Times-Herald gives portraits and biographical sketches of "four of the greatest '19th Century Canadians," whom it designates in the following order: Lord Strathcona, Sir Wilfrid Laurier, Sir William J. Dawson and Mr. Gilbert Parker. Of the last-named gentleman it says:

Gilbert Parker is a young litterateur who has set his pace and achieved an international reputation for Canadian fiction. He saw clearly the wonderful romance that is bound up in the history of the Hudson Bay Company. He grasped with the intuition of an artist the fact of a virgin field ready for reaping, and in his stories he embodies the very spirit of the great wilderness: reckless, daring, cynical, wicked, but containing the elements of the unsold child of nature with the shrewdness and the wisdom of the serpent. Such are many of his principal characters, and particularly so in "The People and the People," "The Trespasser" and "The Translation of a Savage." But the fullest expression of his talents as a novelist is probably to be found in his recent charming romance of old Quebec, "The Seats of the Mighty." He is an interesting social study, whimsical and fantastic. Parker was born in old Quebec, and studied for the ministry. For generations it has been an unwritten law that the male members of the family must be either soldiers or ministers, and the family has won distinction in both of these vocations.

"Christian Science."

In accordance with announcement, the Rev. Newton Hill, pastor of the Tabernacle, preached last night on "The Teaching of Christian Science." He commended the views of their own books, as being in his view identical with pantheism and that it precluded all need and all possibility of prayer. "If, said the preacher, 'God is only a principle and no person, as this author (Mrs. Eddy) declares, then we may as well pray to a stone as to God. Again, if God is all and all is God, and if we are to pray at all we are to pray to ourselves, for if we are anything we are a part of God.' This was the key-note of the discourse, which was a highly interesting one and was attentively listened to by a large congregation.

ALL ALIKE.

When it comes to a question of self-interest the Grit free traders and the Patron free traders all become ardent protectionists and shout for free trade in every other business than their own. That able commercial and politically independent journal the *Monitor* in Toronto, comments as follows on the request for protection to the binder twine industry:

Binder twine was put on the free list, at a date then a little in the future, when the tariff of 1897 was passed. Now representatives of the cordage interest call upon the government to re-impose a duty on binder twine. This interest is chiefly comprised in the Consumers' Cordage Company, which has swallowed up all rival exporters. The Consumers' Cordage Co., in spite of its large capital, real or nominal, or both, depends on bank discounts to carry on its business and these it cannot get unless the tariff be reimposed. It becomes, in fact, the real capital of the company, apart from water, and what form has taken, so as to avoid the possibility of pretexts for calling on the public to contribute, through the tariff of binder twine, to the maintenance of a watered stock. The Patrons were most prominent among those who demanded that binder twine should be duty free. They also set up under twine machinery of their own, and now that their desire for duty-free twine has been met, they show their consistency by demanding that the Consumers' Cordage Co. should be reimposed of the duty. It remains to be seen when the Patrons, as a body, will relieve the irony of the situation by refusing to sustain the demands at issue.

Our contemporary might have added that—as we pointed out in a previous issue—the gentlemen who asked the government to alter the tariff so as to protect the industry in question are leading Grits and free-traders.

"Twice over, thus."

BRITAIN'S TRADE.

THAT OF 1897 REPORTED AS THE LARGEST IN HER HISTORY.

London January 9.—The foreign trade of Great Britain, during 1897, was the largest in its history. The total value of the re-exports, amounted to £745,425,000. The increase was entirely in imports and re-exports. The decline in exports was £25,708,000. The growth of the imports is almost entirely due to the huge purchases of raw materials in the United States, amounting to £114,000,000. The greatest quantity of the exports were to the United States.

These figures, while to the casual reader looks encouraging and healthy, throw a flood of light on the effect which free trade has had and is having upon the industries of Great Britain. It appears that while the aggregate foreign trade of Great Britain has marvelously increased, the increase has been entirely and solely in imports and re-exports, establishing the fact that the carrying trade is doing a greater extent than the carrying trade of the world; that is, the gratifying but what is cause for alarm for the future of the industries of the country, is the fact that there was a decline in exports, the products of the factories, etc., of Great Britain during the year of no less a sum in value than £5,708,000, or about \$28,975,000. This shows what free trade is doing for England, and what protection has done for those countries which have adopted the principle. How long will it be before John Bull gets his eyes open?

THE PIGGY CHARGES.

The charges that Mr. St. John brought against the Provincial Government in connection with the Hummer piggy bank have been fully substantiated, remarks the Toronto News, although every obstacle has been placed in his way by the Ministry. At every stage of the enquiry he has been harassed, annoyed and insulted, evidently for the purpose of making him abandon the investigation. Many a man would have become disgusted with the course of the partisan committee that has been taking evidence and dropped the charges, but Mr. St. John is not that kind of a man. He had a strong case, and he has not allowed the Government supporters to frighten or bully him out of court. His case was well prepared. His witnesses are reputable men, whom the interested officials were unable to discredit, although they attempted to do so before the trial had rightly commenced.

The result of the enquiry before the Public Accounts Committee is to convict the Government of having been guilty of selling diseased pork for human consumption to the people of Toronto. If a private individual had committed a similar offence he would have been severely punished under statutes enacted by the very men who are trying to defend them, solely by means of every act known to lawyers of sharp practice.

THE DANUBE RELEASED.

Seattle, Wash., Jan. 17.—The Canadian steamer Danube, which was voluntarily placed into the custody of the United States authorities for violating the customs regulations of Alaska, has been released on the filing of a bond for \$25,000.

Freight on Hogs to Canada.

New York, Jan. 17.—Commodity rates on hogs from Buffalo, N.Y., to Ottawa, have been fixed by the joint traffic committee at 18c per 100 pounds, plus Buffalo switching charge of \$3.00 per car.

SNAP SHOTS AT TIMELY TOPICS.

—The friends of Mr. Hardy attempted the impossible when they set out to prove that the flesh of cholera-infected swine was fit for human food. Would they themselves eat it?

—Mr. Hardy will gain more friends than enemies by his decision to drop the proposed amendment to the Bill for the relief of the Hamilton Herald of Mr. Hardy's proposed Sunday law. Might we suggest that Mr. Hardy would have done better to have kept his Bill in his pocket and then have made more enemies than friends by his shilly-shallying on the subject?

A STORIAL LETTER.

Issued by the Archbishop of Toronto and Bishops of Hamilton and London.

Toronto, Jan. 17.—The joint pastoral letter of the Archbishop of Toronto and the bishops of Hamilton and London, published in the *Post*, has been read at the cathedral of St. James, and at the Roman Catholic churches of this city yesterday. The encyclical itself was read only as far as the intervention of the Manitoba school question proper.

These are striking extracts from the joint letter of the archbishop and bishop: "Venerable Brethren of the Clergy: Dearly Beloved Children of the Laity: We have great pleasure in communicating to you, especially an authority, English and French, the encyclical letter, which our Holy Father, Leo XIII., has recently addressed to the Canadian hierarchy."

This important encyclical calls our serious attention to all its parts, and should be weighed and studied in its entirety. There is not a paragraph or a sentence in it that has not for a definite meaning, and does not demand serious consideration. Like the Holy Bible, which is a whole, we therefore, bespeak for it a careful study and consideration."

We next Holy Father, on behalf of ourselves and clergy and laity, that we give our unreserved and hearty assent to all its teachings and directions.

The Catholic church has the right to provide for, to direct and control the education of its children; and the right derived from the divine commission committed to her in the words of Christ: "Go ye into all the world, and teach all nations, teaching them to observe all things whatsoever I have commanded you." (Matt. xxviii, 19-20.)

In hereditary succession the teachings and obeying the directions contained in this encyclical letter, and in the only way to begeth good and loyal Catholics, we are trusting to a heaven-favored success in our interview with the great children of the church and all the great doubts and perplexities and in the dark.

This masterful encyclical has been justly described as "a message of peace to Canada." It is an appeal to the sense of justice of all parties, and to the agreement of the minority of Manitoba, the educational rights of which they have been deprived. It is a call to the Catholics, to right the wrong that has been thus inflicted, and in this way to restore the rights of peace and good will amongst us. If it is true that justice exalteth a nation, it must be equally true that injustice humiliates and dishonors it. When, in the human body a member is hurt or injured, the whole body feels the pain and the whole body is affected by it. In the political body, when a member is injured or wronged, the whole body must be pained and humiliated, and the whole body must be injured and wronged. In this way to restore the rights of peace and good will amongst us. If it is true that justice exalteth a nation, it must be equally true that injustice humiliates and dishonors it. When, in the human body a member is hurt or injured, the whole body feels the pain and the whole body is affected by it. THE SCHOOL FUND.

HOW MUNICIPALITIES ARE TREATED.

The policy of the Provincial Government of Ontario for years past been one of extravagance and wasteful expenditure of public money. In no way more so than in the multiplication of officials. In no part of Ontario can you move without finding, particularly at election time, some Ontario Government official. This extraordinary drain upon the revenue has to be recouped in some way, and has been accomplished to a certain extent by gradually throwing upon the municipalities burdens which were formerly borne by the Government. There is no branch of the public service where this is more flagrantly exhibited than in the administration of the School Fund, to which we call the attention of those most interested, and they are the taxpayers of every municipality.

The Mail and Empire has done good service in calling attention to the manner in which the people have been treated in the distribution of these funds. It is our intention to reproduce them for the purpose of bringing the facts more prominently before the electors of Hastings, and in doing so we shall select a number of counties, beginning with Wellington.

Here is an illustration drawn from the County of Wellington:

In 1872 the financial relations of the province to the county were as follows:

Cash grant to the county	\$2,428.50
High school grant	1,885.25
Public school grant	3,857.00
School grants in cities and towns	1,301.00
Total	\$11,571.75
Less provincial revenue from licenses	2,603.00
Total	\$8,968.75

The people received from the Ontario treasury in the year 1872 \$8,968.75 more than they paid in.

In 1880 the conditions were these:

High school grant	\$1,706.00
Public school grant	3,907.00
School grants in cities and towns	2,025.75
Total	\$7,638.75

Provincial revenue from licenses \$1,845.00

Deduct the provincial revenue from the grants to the county and it will be found that the people, under the new system, received from the Ontario treasury \$5,793.75 more than they had paid in, to the Ontario Government, \$1,845.00 more than they had received in the year 1872, under the policy of sweetening the municipalities the county is \$2,225 worse off than it used to be.

LENNOX AND ADDINGTON.

Here is again, as illustrated in Lennox and Addington. From these united counties in 1872 the Government took from the license revenue \$808.

It paid to the counties these sums:

Municipal grant	\$1,820.00
For High Schools	2,400.00
For Public Schools	3,030.00
For other schools	411.00
Total	\$7,661.00

So that Lennox and Addington paid \$636 into the treasury and drew out \$7,661—balance of \$7,025 in favor of the people.

In 1886, under the changed system, the Government took \$740 of the license fees. Then it returned the following sums:

For High Schools	\$1,103.30
For Public Schools	2,553.00
For other schools	85.75
Total	\$4,742.05

By taking \$740 from the municipal revenue and paying \$4,742.05 back the Government got \$3,202.05 more than it had paid in. Formerly the county received \$7,025 net from the Ontario treasury to lighten the taxation burden. Now it is left getting that, it pays \$1,303 into the treasury annually.

And yet there is a deficit of \$400.00 annually.

GREY.

For the whole province the amount which the Provincial Government squanders from the municipalities in excess of the former contributions is a little more than \$2,000,000 of a million a year, or \$270,000 in round figures.

This is how the system affects the County of Grey:

The province used to give in cash grants to the municipalities of Grey \$2,553.00 annually.

It drew from Grey \$1,416 as license fees. The county was thus \$1,137 to the good.

Now there is no cash grant to Grey, and of the fees the Government takes \$1,850.00. The county is left \$4,857 instead of receiving \$1,137, and is therefore \$6,000 worse off than before.

KENT.

In examining the financial relations of the municipalities to the Provincial Government, the grants for High and Public Schools have been considered.

But it is said that if the educational authorities are to be reckoned it will be necessary also to charge against the various counties a share of the cost of the lunatic asylums, prisons, and what not.

Very well; leave the educational grants out of the question.

Here is the cash relation of the county of Kent to the Government:

HEAVIER WEIGHT

A Well Known Canadian Pacific Official Testifies.

TORONTO, ONT.—After the grip I was left in a very weak condition. I purchased three bottles of Hood's Sarsaparilla which completely built me up. I weigh heavier than I did before my illness and the beneficial effects have been lasting. I take great pleasure in recommending Hood's Sarsaparilla to all suffering from weakness of the body.

FRIENDSHIP'S OFFERING

Mr. R. T. Mussen's Friends Show
Their Appreciation of Him.

Mr. R. T. Mussen, of the Bank of Com-
merce, who left this morning for Dresden,
Ont., where he is to be the Manager of the
new branch in that place, has not been al-
lowed to leave Belleville without practical
evidence of the esteem in which he is held
in this community.

On Monday night his fellow boarders in
the Balmoral Hotel made him a gift of a
silver mounted umbrella, and yesterday
afternoon the officers of the 15th Battalion
presented him with a handsome toy table
and a brass lamp. Lieut.-Col. Ponton,
who made the presentation, read the fol-
lowing address:

BELLEVILLE, Jan. 18th, 1898.

Lieutenant R. T. Mussen, XV. Battalion,
A.L.I.

MY DEAR MUSSEN.—On behalf of the
Officers, Non-Commissioned Officers and
men of the XV. Battalion, I must express
our sincere regret at parting from you, at
least for a time, so far as your active per-
sonal connection with the Battalion is con-
cerned. In granting you leave of absence,
however, it is most satisfactory to know
that you are being transferred to a post of
honour and responsibility, which your
merits deserve. Your fellow-officers, as
a small mark of their appreciation of
your good service in the Battalion and of
your good comradeship, desire your acceptance
of the accompanying souvenir of
pleasant months spent together. And we wish
you all success in your new campaign
of life and labour.

Faithfully yours,
(Sgd.) W. N. PONTON,
Lieut.-Col.
Com'd'g. XV. Batt. A.L.I.

Lieut. Mussen made a suitable reply.
He carries with him the good wishes of
many friends in Belleville.

Magistrate Flint's Court.

"SHORTY" HUNT AGAIN.

"Shorty" Hunt got drunk yesterday,
and when he could not get any more drink
he went home and began to abuse his wife.
The police were called in and "Shorty"
was placed in "duress" cell. The
Magistrate gave him a lecture this morning
and dismissed him.

IT WAS ONLY PLAY.

The charge of assault preferred by Henry
Mallard against five boys at the court yes-
terday was dismissed, as it was clearly
proven that they were merely playing
with the unfortunates. Mr. A.
A. Roberts defended the boys.

PIGS IN CLOVER.

Wm. Howe was charged by M. Poucher
with allowing his pigs to trespass on his
property. It appeared that Mr. Howe
was driving his pigs along the road and
they turned on to the piff's property,
despite the efforts to head them off.
Barraged off Saturday for judgment.
W. J. Diamond for det.

Belleville Boy at Ogdensburg.

Mr. Wm. Fairman, formerly of this city,
is now living in Ogdensburg. He sang at
a bazaar there recently and the News has
the following to say of his singing: "Mr.
Fairman made a decided hit with his fine
baritone song, 'That Sweet Refrain.'"
Tumults of applause followed and the
singer graciously responded with that old
but sweet 'Then You'll Remember Me.'
A second encore ensued, but Father
Conroy begged him off, with a promise to
produce him the night following."

To-morrow's Meetings.

The Liberal-Conservative Association of
West Hastings will hold their annual
meeting at 2 p.m. to-morrow in Alberta
Hall for the election of officers and the
transaction of other business. A large at-
tendance is desirable.

The Liberal of West Hastings will meet
at Trenton to-morrow afternoon for the
purpose of selecting a candidate for the
Legislature.

Prince Edward Conservatives.

The annual meeting of the Liberal Con-
servative Association of Prince Edward
will be held at Picton on Saturday next.
Amongst the speakers whose names are
announced are Mr. W. R. Dempsey, the
candidate for the county; Sir Mackenzie
Bowell, Messrs. Henry Corby, M.P., W. B.
Northrup, Mayor Johnson and W. S.
Morden.

Many Clothing Bargains.

Some people don't want to buy clothing
only just exactly when they need it. Now,
sometimes this is a mistake. There is no
doubt but if you were to look through the
Oak Hall stock right now, you would find
some very tempting bargains in both suits
and overcoats. This is between seasons,
and we are clearing up our stock before the
new goods come in for spring.

DEATH OF E. J. MADDEN.

He Was Rational to the Last—Well
Known Cheese Buyer.

The Kingston Whig of Tuesday gives
the following particulars of the death of a
prominent cheese buyer of this district:—
"E. J. Madden, of Newburgh, died last
night about 11:30, aged fifty years. He
has been engaged in cheese manufacturing,
also as general cheese buyer in Kingston,
Napawan, Belleville and Peterborough dis-
tricts for about twenty years. He owns a
factory at Newburgh, also one at Camden
East. Mr. Madden was a thorough, push-
ing business man and will be greatly missed
by all, especially by the farming commu-
nity. The cause of death was a chronic case
of gall stone followed by a carbuncle, end-
ing in convulsions. He was rational up to
the last minute. He was a member of the
Masonic Order, also A. O. U. W. and
I.O.O.F., also order of Gleaners, Friends
and Postmaster of Newburgh. He leaves a
widow, one son and two daughters. He will
be buried at Newburgh on Thursday, under
Masonic auspices and other societies.

Deceased, who was a son of Mr. Robert
Madden, was born on a farm adjacent to
Newburgh. For a number of years Mr.
Madden followed the life of a farmer upon
the homestead of his parents. While still
a young man he suffered from failing health
and took four months of the west to re-
cuperate his lost energies. Returning he
engaged in the manufacture of cheese to-
gether with his father. There was the first
factory in that locality and was the second
in this district. Mr. Madden contin-
ued in the cheese business and amassed
considerable wealth. For over twenty
years he worked energetically for the ad-
vancement of the cheese industry and his
knowledge of the business was conceded to
be the most complete in Eastern Ont-
ario.

As an official of the Butter and Cheese
Association of Eastern Ontario, his recom-
mendations were always accepted as tend-
ing to the betterment of the industry. His
wife's maiden name was Allie Wells,
Ernestown.

Mr. Madden was well known in Bel-
leville, especially by cheesemen, among
whom he was very popular. He attended
nearly every meeting of the Cheese Board
here and his opinions as to the trade were
always sought after. He will be deeply
regretted in this district.

Mr. Gilbert Parker's New Novel.

Mr. Gilbert Parker begins his new novel
with a stirring chapter, full of good fighting,
in the January number of "Good Words".
The story opens twenty years before this
century in the Island of Jersey, with a
French attempt to land upon the "Banc
des Violets". Rulacore is leading the
invaders, and, of course, he fails. There
ensues every promise of an interesting and
exciting plot to come.—St. James Gazette,
December 31st, 1897.

It Has
Been the
Practice

—of Toronto Law Stationers to send
out travellers soliciting orders from law
firms in the smaller cities and towns.

The legal fraternity requires its station-
ery at the lowest possible rates, as large
quantities are consumed in the transaction
of business and naturally look to the man-
ufacturers or wholesalers for the best terms.

A certain estimable lawyer of this city
was recently approached by one of these
Toronto agents, and in order to satisfy
himself whether the agent's boast of lower
prices was true or not he made a memo-
riandum of the quotations he received and made
a comparison with ours, and here it is:

TORONTO PRICES. OUR PRICES.

Grade A, \$2.00 Grade A, \$1.50 to \$2

"B", 3.00 "B", 3.00

Net prices. Less 10 per cent. in
quantities of 2/00
and upwards.

Not only that, but if anything our goods
were superior and our prices less actually
less.

Of course we sold a nice price for this
gentleman, and the object of this ad. is to
inform the legal fraternity generally that
we are jobbers of Law Stationery and can
sell as low as the best of them.

CITY AND DISTRICT

The police had nothing to report this

morning.

Some big loads of flour—four tons each—

were taken up Murray's hill to-day.

Invitations are out for a ball to be

given by the Bachelors of the city next Tuesday at

the Hotel Quinte.

The Bachelors' ball will not be enjoyed by

any person unless they wear a pair of new

slippers bought from Haines & Lockett.

Mr. Arthur McDonald has some very old

news—amongst them is the sixth

number of the Intelligencer, which was

first issued on the 6th of September, 1831.

The S. A. Supply Co. of London, are de-

sirous of employing a number of families at

home. See their advertisement in the

"Wanted Help."

A number of prominent Conservatives of

the city went to Trenton this afternoon to at-

tend the last Hastings Convention called to

select a candidate for the riding in the

coming provincial elections.

Those who intend going to the ball next

Tuesday night will have a more enjoyable

time if they are wearing a pair of new

slippers, Haines & Lockett have an up-to-

date variety.

OF LOCAL INTEREST.

To-morrow's issue of the INTELLI-

GER will contain an exceedingly divert-

ing story, which will be of particular local

interest, inasmuch as several of Belleville's

most prominent citizens are to be portray-

ed as enacting important parts in the cast

of characters. This story will have a

practical as well as a humorous side, and

cannot fail to attract the attention of every

reader. "Jolly Old Uncle Josh" is the

title, and the story will appear in both

daily and weekly editions.

A NEW ENTERPRISE.

The Klondike Air Ship Co., Limited,

Permanently Established.

Mr. B. Bartlett and others interested in

mining matters, have had their heads to-

gether recently with the object of establis-

hing a new and direct route to the Klondike

and they have evolved a scheme of which

the following notice issued to interested

parties will give a fair idea:

DEAR SIR,—You are urgently requested

to attend a hurried meeting of the Directors

of the Klondike Air Ship Co., Limited, to

transact most important business relative

to the despatching of the first ship, which

will start on Friday evening, Jan. 21st,

at 10 o'clock. Meeting called at 8 o'clock

sharp at Hotel Quinte.

Yours truly,

See, Klondike Air Ship Co., Limited.

Office on the 7th Floor. Take the Fast

Elevator.

Telephone, 7-14-14.

The "Company" had a meeting at

Hotel Quinte last evening, on camera, and

those present were as dumb as oysters to-

day about what took place. Some parties

not included in the directorate have been

unkind enough to say that the enterprise

is founded on wind and will fall flat, but

we are informed that the ship sails on

Friday, notwithstanding all the supersti-

tions that surround the day and the

danger of the undertaking.

Boys' Reefer Overcoats.

The proper garment for the healthy

roughing boy. They are just as warm as

the long overcoat, and are in price and

more pleasing to the boy. Does your lad

skate, ride down hill, or enjoy any of our

winter sports? If so, encourage him, that

is the way to give him health and

strength.

You get a good coat with the high collar

at the Oak Hall for \$2.00 in the small size

and \$3.00 in the larger sizes.

REFORMERS AT TRENTON.

Officers Elected—A Resolution of

Confidence in W. H. Biggar,

M.P.P.

The Reformers of West Hastings held

their annual meeting in Trenton yesterday

afternoon. The attendance from Belleville

was small. The principal business was

the election of officers, which resulted as

follows:

President—H. Blecker, Sidney.

Vice-Presidents—Belleville, John Wil-

liams and J. L. Biggar; Sidney, Dr. U.

Simmons, John Holgate.

Secretary—Treasurer—C. D. Macaulay.

The following resolution was passed:

"Resolved, that this Association express

its appreciation of the many and straight-

forward conduct of our present representa-

tive, Mr. W. H. Biggar in the Legislature and

our gratification for the dignified manner in

which he has always interested himself in

all matters affecting the well-being of the

riding during the years he has represented

it whenever the opportunity offered itself

for so doing, and that this Association ex-

presses the hope that he may find it possible

to devote his time to the interests of the

riding in the future as he has done in the

past, and assures him that he possesses the

fullest confidence of this Association."

Resolutions were also passed expressing

confidence in the Dominion Government

and the Hardy-Ross Administration.

Speeches were made by prominent men

of the party, all expressing the hope that

Mr. Biggar would consent to be the candi-

date in the coming election.

A mass meeting will be held in the City

Hall here on Thursday next to select a

candidate.

OBITUARY.

MRS. MARIA MERRITT.

A telegram was received in the city to-

day from Monroe, Michigan, announcing

the death at that place of Mrs. Maria

Merritt, which event occurred at an early

hour this morning. The deceased was

born in the township of Thurlow in the

year 1826, being a daughter of the late

Mr. Jacob Denyes. About 14 years ago,

with her pre-deceased husband, they re-

moved to Michigan, making it their home.

Deceased was a woman of upright and

Christian character, and her death will be

regretted by a host of friends in this sec-

tion of the province. She leaves two

children, a son and a daughter, Mrs. C.

Wm. Stock and Mrs. Wm. Binninger, of

this city, are sisters of the deceased; and

Mr. Philip Denyes, of Sidney, and Messrs.

Wesley and Mark Denyes, of Thurlow,

brothers.

North Hastings Agricultural

Society.

The annual meeting of the North Hasting-

s Agricultural Society was held at

Stirling on Wednesday, the 19th inst.,

the President, Mr. T. H. McKee, in the chair.

The following officers were elected:

President—Thos. H. McKee, (re-elected).

1st Vice-President—J. H. Reid.

2nd Vice-President—Robert Good.

Directors—Robert Langille, Jas. Mc-

Coub, John W. Ashley, Geo. J. Scott, D. H.

Ketcheson, J. Earl Halliwell, B. A. W.

Wilmot Vandervoort, James A. Stewart,

gerty.

It was decided to hold the next annual

show on Tuesday, the 27th of September

next.

Driven From Home.

An Indian girl named Mary Brant, from

the Indian Reserve, was discovered by

Mrs. J. J. B. Flint wandering along the

streets last evening. She says her father

drove her from home and that she had no

place to go. She is about seventeen years

of age. Mrs. Flint found her a lodging

for the night and is endeavoring to find a

permanent home for her.

THE ALL-BRITISH CABLE.

Now is a Good Time to Make a Move in That Direction.

Heavy Responsibility Rests Upon Sir Wilfrid Laurier. The Canadian Premier's "Mistake" When in London Since Tracked the Scheme Mr. McMillan Wants the Government to Follow Pre-Election Promises—Ottawa News.

Ottawa, Jan. 22.—Recent complications in the far East have, according to advisers which have just reached the Government, emphasized most strongly in England the importance of an independent cable route to Australia. The recent open letter of Sir Sanford Fleming to the Premier is a timely one, and will have a beneficial effect at this juncture. And yet notwithstanding the fact that the Pacific cable is admittedly an Imperial necessity, there seems to be a strange lethargy prevailing in Downing Street. Inquiries were recently made at the Colonial Office as to whether there was anything new to be chronicled in connection with the project to unite Great Britain, Canada and the Australasian colonies by an independent cable route, and the answer given to the officials at Downing Street was that they were expecting to hear from Canada on the subject.

It is an open secret that Sir Sanford Fleming has taken a prominent part, thanks to Sir Sanford Fleming, in the agitation for a new link of the Empire, of the three parties to the proposed arrangement, Canada really has the least interest. The subject is, however, which the Dominion Government might best itself, in view of the fact that the project formed one of the principal topics discussed by Mr. Chamberlain with the colonial Premier during the Jubilee visit of the latter to England. The semi-official announcement made in the London Standard at the time that no conclusion was reached because Sir Wilfrid Laurier "misunderstood the estimate of the project," places a tremendous responsibility on the Premier's shoulders. The occasion seems to be opportune one for Sir Wilfrid to make a move.

Mr. McMillan Means Business.

Mr. McMillan, M.P., was here yesterday interviewing Ministers. Everybody knows where "Mac" stands in the Liberal ranks. He is a stalwart of stalwarts. It is an open secret that he is greatly disappointed at the failure of his leaders to carry their election promises to fulfillment, and the object of his present visit to Ottawa, it is said, is to stiffen the backbones of Ministers and induce them to live up to their pledges.

In conversation Mr. McMillan expressed the opinion that, judging from the programme of sessional work in sight, the duration of Parliament was certainly not five months. He expected the Government to implement to a respectable degree the promises made in its platform.

There would, of course, be the franchise bill, and most likely the Placemobile bill, and a bill to abolish the appointment of civil servants. Regarding the latter measure, if the Government did not take hold of the question (Mr. McMillan) would, and press the matter to a division.

News From Dawson City.

Advises received at the Mounted Police Department indicate that not only have the stories of shortage of food at Dawson City been greatly exaggerated, but as a matter of fact the supply is considerably better than for several seasons past. One letter mentions that a short time ago a herd of caribou crossed the Yukon River within a few miles of Dawson City. The population turned out in pursuit, and at the time the letter some 50 head had been secured.

Weights and Measures Conference.

The conference of leading inspectors of weights and measures, which has been in progress in the Inland Revenue Department since last Monday, has terminated. The inspectors will suggest some important changes, to which Parliament will be asked to give effect.

The Trade Returns.

The trade returns for the six months of the fiscal year show remarkable increase. The exports reached a total of \$70,000,000, and the imports \$63,700,000, as against \$68,102,000. The increase in exports was chiefly in the following items: Animals and animal products, \$10,000,000; agriculture, \$13,500,000; forest products, \$10,000,000; minerals, \$8,300,000. The returns for the six months show that exports increased by nearly \$6,000,000 in the one month, and the imports increased by \$1,000,000.

Personal and General Notes.

The annual report of the Inland Revenue Department has been issued.

Mr. Sifton says there will not be a United States soldier going through with the "Whites" (What the "Whites" are, Washington I offered them the services of a mounted police escort, and this was refused.)

Seven inches of snow fell here yesterday. This winter the Electric Light Company has spent \$3,000 in removing snow from the streets.

Mr. J. H. Thompson returned to the city yesterday afternoon from a trip to England. He went to the Cabinet meeting at the end of the trip, and it is said that his trip was a pleasant one.

The Order-in-Council appointing Judge John L. Macdonald as Governor of the Province of Quebec was approved by Lord Aberdeen yesterday.

An investigation has been held into the case of the collector of customs at St. John's. The evidence was considered such as to warrant his suspension, and the department will decide whether his services will be retained.

KLONDIKE RELIGION.

Of the Sort Which Puts Up the Money When the Preachers Find Their Way.

New York, Jan. 22.—Two missionaries were last August sent to the Klondike by the Presbyterian Board of Home Missions. A letter has just been received by Mr. D. J. McMillan, corresponding secretary of the board, from these missionaries.

The letter is from Dawson City, and is dated Dec. 1. The letter announces the establishment of the first church in the Klondike, and says that there is food enough there to last till the spring. It also says that the missionaries are well, and that they are looking forward to the winter with pleasure.

Mr. Young writes that he and his companion are the only missionaries who remain in the Klondike. They have been advised to leave Dawson City, and to go to the Klondike. They are looking forward to the winter with pleasure.

I tried the doctors and all kinds of medicines, but no help or relief was afforded me. I was told that I was incurable, and I was advised to leave my home and go to the Klondike.

I have written to you about my life's mission to let you know about my wonderful cure for your precious medicine, Paine's Ceryl Compound.

Inquiries were recently made at the Colonial Office as to whether there was anything new to be chronicled in connection with the project to unite Great Britain, Canada and the Australasian colonies by an independent cable route, and the answer given to the officials at Downing Street was that they were expecting to hear from Canada on the subject.

It is an open secret that Sir Sanford Fleming has taken a prominent part, thanks to Sir Sanford Fleming, in the agitation for a new link of the Empire, of the three parties to the proposed arrangement, Canada really has the least interest. The subject is, however, which the Dominion Government might best itself, in view of the fact that the project formed one of the principal topics discussed by Mr. Chamberlain with the colonial Premier during the Jubilee visit of the latter to England. The semi-official announcement made in the London Standard at the time that no conclusion was reached because Sir Wilfrid Laurier "misunderstood the estimate of the project," places a tremendous responsibility on the Premier's shoulders. The occasion seems to be opportune one for Sir Wilfrid to make a move.

Mr. McMillan Means Business.

Mr. McMillan, M.P., was here yesterday interviewing Ministers. Everybody knows where "Mac" stands in the Liberal ranks. He is a stalwart of stalwarts. It is an open secret that he is greatly disappointed at the failure of his leaders to carry their election promises to fulfillment, and the object of his present visit to Ottawa, it is said, is to stiffen the backbones of Ministers and induce them to live up to their pledges.

In conversation Mr. McMillan expressed the opinion that, judging from the programme of sessional work in sight, the duration of Parliament was certainly not five months. He expected the Government to implement to a respectable degree the promises made in its platform.

There would, of course, be the franchise bill, and most likely the Placemobile bill, and a bill to abolish the appointment of civil servants. Regarding the latter measure, if the Government did not take hold of the question (Mr. McMillan) would, and press the matter to a division.

News From Dawson City.

Advises received at the Mounted Police Department indicate that not only have the stories of shortage of food at Dawson City been greatly exaggerated, but as a matter of fact the supply is considerably better than for several seasons past. One letter mentions that a short time ago a herd of caribou crossed the Yukon River within a few miles of Dawson City. The population turned out in pursuit, and at the time the letter some 50 head had been secured.

Weights and Measures Conference.

The conference of leading inspectors of weights and measures, which has been in progress in the Inland Revenue Department since last Monday, has terminated. The inspectors will suggest some important changes, to which Parliament will be asked to give effect.

The Trade Returns.

The trade returns for the six months of the fiscal year show remarkable increase. The exports reached a total of \$70,000,000, and the imports \$63,700,000, as against \$68,102,000. The increase in exports was chiefly in the following items: Animals and animal products, \$10,000,000; agriculture, \$13,500,000; forest products, \$10,000,000; minerals, \$8,300,000. The returns for the six months show that exports increased by nearly \$6,000,000 in the one month, and the imports increased by \$1,000,000.

Personal and General Notes.

The annual report of the Inland Revenue Department has been issued.

Mr. Sifton says there will not be a United States soldier going through with the "Whites" (What the "Whites" are, Washington I offered them the services of a mounted police escort, and this was refused.)

Seven inches of snow fell here yesterday. This winter the Electric Light Company has spent \$3,000 in removing snow from the streets.

Mr. J. H. Thompson returned to the city yesterday afternoon from a trip to England. He went to the Cabinet meeting at the end of the trip, and it is said that his trip was a pleasant one.

The Order-in-Council appointing Judge John L. Macdonald as Governor of the Province of Quebec was approved by Lord Aberdeen yesterday.

An investigation has been held into the case of the collector of customs at St. John's. The evidence was considered such as to warrant his suspension, and the department will decide whether his services will be retained.

KLONDIKE RELIGION.

Of the Sort Which Puts Up the Money When the Preachers Find Their Way.

New York, Jan. 22.—Two missionaries were last August sent to the Klondike by the Presbyterian Board of Home Missions. A letter has just been received by Mr. D. J. McMillan, corresponding secretary of the board, from these missionaries.

The letter is from Dawson City, and is dated Dec. 1. The letter announces the establishment of the first church in the Klondike, and says that there is food enough there to last till the spring. It also says that the missionaries are well, and that they are looking forward to the winter with pleasure.

Mr. Young writes that he and his companion are the only missionaries who remain in the Klondike. They have been advised to leave Dawson City, and to go to the Klondike. They are looking forward to the winter with pleasure.

WELLS & RICHARDSON CO.

It is my life's mission to let you know about my wonderful cure for your precious medicine, Paine's Ceryl Compound.

I was afflicted by three complaints that made my life a misery and a burden. I had erysipelas for forty years, bleeding piles for fifteen years, and sciatic rheumatism for a year.

I tried the doctors and all kinds of medicines, but no help or relief was afforded me. I was told that I was incurable, and I was advised to leave my home and go to the Klondike.

I have written to you about my life's mission to let you know about my wonderful cure for your precious medicine, Paine's Ceryl Compound.

A petition is being circulated in the city on behalf of a bridge across the Motra north of the G.T.R. railway bridge. It has been largely signed and is being presented by the County Council this week.

Only a few more days that those lovely slippers remain in the window of Haines & Lockett. They are worth looking at, and still more worth buying. They are a good thing for ladies to have in the house in case they need them unexpectedly.—HAINES & LOCKETT.

A RICH MINE.

The Repstock, in Kaladar, Promises Great Things for its Owners.

Mr. David McQuigge, of this city, who has charge of the work of sinking a shaft in what is known as the Repstock gold mine in Kaladar, has come to spend Sunday. He describes the mine as very rich in prospect, and increasing in quantity as the shaft goes down.

The mine is in the township of Kaladar, about two miles north-east of Clinton, and as before stated in these columns, is being developed by a company of Buffalo capitalists. The vein, which is fourteen feet wide, has been traced for over two miles. The test shaft has been sunk fourteen feet and the company propose to go down fifty feet. If the vein holds out as good as at present, and it gives every promise of doing so, the company will erect a crusher about half a mile distant on the Skoot river, where there is a splendid water power. Mr. McQuigge returned to the mine this afternoon.

CITY AND DISTRICT

The mail from the east this morning was five hours late, owing to the storm.

Telephones have been placed in Downing's drug store and Carney's boot and shoe store.

Some prosecutions for violation of the game law in the country districts are probable in the near future.

The horse races attracted a large crowd from parts and they put a good deal of money in circulation.

About three inches of snow fell here last night, and, as a strong wind accompanied it, there was a good deal of drifting.

The Day of the Conference Epworth League Convention will be held in George St. Church, Peterborough, Wednesday and Thursday, Feb. 23rd and 24th.

Last night Mr. Wm. Black, Assistant Secretary of the Y.M.C.A., was presented with a handsome dressing case by a number of ladies of St. Andrew's Church, whom he had been instructing in fancy drills.

Ald. Harris and Ald. Grills request us to state that they have examined the City Hall and the Butcher Market and find the building, in their opinion, as safe as it ever was.

Trunks and Valises at Haines & Lockett's are kept in a separate department up stairs. Every trunk is new and you can get one of the very cheapest, a medium priced, strong and good, or a regular Bon-Ton up in style and up in price. It's a pleasure to travel when you have a handsome valise or trunk.

Prof. Dorewood, who is at the Quinte, will have his show room open until this evening. Those who had no opportunity of calling during the day should do so this evening and examine his fine styles of switches, wigs, bangs, etc., as he leaves for the west in the morning.

THE BACHELORS' BALL.

The Unmarried Men Entertained Their Friends at Hotel Quinte.

The annual bachelors' ball, for which it has become, was held last evening at Hotel Quinte, and was one of the most successful in every way ever held in this city. A very large number of invitations were issued both to citizens and residents of surrounding towns, and the promoters had very few regrets.

Of course, the function being held at Hotel Quinte went a long way towards making it enjoyable, but the occasion was made more so by the untiring efforts of the Stewards. Nothing was left undone that would add to the comfort or enjoyment of the guests, who numbered fully two hundred. The staff of the hotel did their part in a manner that elicited the admiration of all present, especially those from a distance.

The Stewards were: Messrs. H. M. Arnold, P. Doyne, M. J. Hendrick, B. H. Joy, C. S. Laidlaw, S. D. Lazer, W. S. Morden, A. E. McCall, F. M. McKeown; Alf. Gillen, Honorary Sec'y.

The floor was, as usual, in excellent condition, and the music furnished by Chalkupa's orchestra, judging from the frequent encores, was all that could be desired.

The gentlemen were somewhat in the minority and were kept busy, but no one was overlooked.

The benedictions and their wives were loud in their praise of the hospitality of the bachelors and were fully repaid for the many entertainments of similar character tendered to the young gentlemen of the city in the past year.

Dancing began at about nine o'clock and was kept up till early hour this morning.

A continuous luncheon was served in the breakfast room adjoining the dining room during the evening and the occasion was so invitingly prepared and delicately served by the waitresses that the guests expressed their satisfaction with it in unmeasured terms.

A more beautiful assemblage of ladies would be hard to find than that of last evening and many of the dresses were works of art.

The patronesses were Mrs. Alexander, Mrs. John Bell, Mrs. H. C. Conry, Mrs. Dickson, Mrs. Davy, Mrs. Kello, Mrs. S. S. Lazer and Mrs. McManney.

Klondike Outfits.

The Oak Hall wish to say to those who intend taking part in the Klondike, that they must not leave their clothing until the last day or two, for if they do it will be impossible to get it through for them. We are fitting out the Belleville party that is starting next week and have had two weeks to get their clothing and we need all the time. The Sanford Mfg. Co., are running with this class of clothing and write us to get orders in as far ahead as possible.

The City Finances.

In presenting the statement of receipts and expenditures for 1897 at the City Council on Monday evening, Ald. Doyle submitted the following letter:

The foregoing statement of receipts and expenditures for 1897 shows that after paying all accounts rendered up to the end of the year, many of them were unexpected and therefore not estimated for, such as the vaccination bill, \$515; relief to the sufferers from fire in the eastern Counties, \$200; rent for an injured fireman, \$200; and for homeless children, etc.

There were other large expenditures during the year, such as the reconstruction of the upper bridge, the purchase of a lumber yard, improvements on the City Hall, the Queen's Jubilee demonstration, etc. There was a deficit of \$12,750, but there is also a cash surplus of \$15,000 premium received from the City of London, which was paid by statutory order, although the full amount of sinking fund and interest reserve, as there is much to be paid for, so it is this revenue could be used for other purposes there would be a surplus of \$12,750.

JOHN DOYLE, Chairman of the Executive.

Miss FitzGibbon's Lecture Tomorrow Night.

Miss FitzGibbon, who gives her lecture on Canadian history to-morrow night, had arranged to hold it in the City Hall, and upon her being denied her, in consequence of the decision to make some necessary repairs before meetings are held there, thought the lecture must be postponed. She is, however, indebted to Mr. Alfred for permission to use his hall, and will be able to carry out her wish to meet a Belleville audience, and hopes by depicting some of the romance and picturesque of Canadian history to infect others with her own enthusiasm in its study. Alberta Hall lecture, at 7:30, on Monday night. FitzGibbon proposes to call it, her talk on Canadian history, begins at 8 o'clock. The soldiers in Belleville are especially interested, as there is much to interest them in the page of history given. Mr. Roy, with his excellent lantern, will illustrate the lectures with slides taken from old maps and the scenes of different nations. The beautiful sword presented to the hero of the story by the son of the Duke of Sussex will also be shown.

J. K. McCARGAR, WARDEN

The County Council at its January Session.

The Warden Urges Economy—Appreciation of Ex-Warden Dench's Services—The Opening Business of the Session.

The January session of the County Council opened at the Council Chamber, Shire Hall, Tuesday afternoon at three o'clock, although two o'clock was the hour they should have met. The members were all present at two o'clock, but the Reformers, whose turn it was to elect the Warden under the existing agreement between the two political parties in the County, were not in caucus and were an hour in settling the question of who should preside during 1898. Mr. Clare and Mr. McCargar were the aspirants for the office, and the election had quite a hot time before they came to a vote, when Mr. McCargar was chosen.

The Clerk called the members to order and called for nominations for Warden.

Mr. Holgate moved, seconded by Mr. Lancaster, that Mr. J. K. McCargar be Warden for the ensuing year.

As there were no other nominations Mr. McCargar was declared elected by a standing vote, and Mr. McCargar subscribed to the oath of office, after which he took the chair.

He thanked the Council for the honor they had conferred upon him and asked the assistance of the members in filling the office. He would endeavor to fill the chair to the best of his ability. Coming to County affairs, he said it should be the aim of the Council to cut down expenses, particularly on High Schools and County roads. The High Schools have become a burden upon the County, and it should be divided. He thought that \$10,000 would be sufficient to spend on gravel roads. A deputation would wait upon the Council during the session to press the erection of a bridge over the Maitland north of the G.T.R., and he had no doubt they would deal with it as they saw best. After thanking the Council again for the honor he had been elected to.

Mr. Dench congratulated his Honor on his election and he also congratulated the Reformers on electing their man without bringing politics into the Council.

Mr. Hanley complimented Mr. Dench upon the manner in which he conducted the affairs of the office of Warden last year.

Mr. Cross spoke in a similar strain and he hoped the same good feeling and business principles would prevail during the coming year. He hoped the same mode of electing a Warden would be adhered to in years to come.

Moved by Mr. Hanley, seconded by Mr. English, that the thanks of the Council are due and are tendered to Ex-Warden Dench for the efficient manner in which he conducted the affairs of the County for the past year.

After several members spoke endorsing the motion it carried by a standing vote, and the members sang "For He's a Jolly Good Fellow."

Mr. Dench acknowledged the vote of thanks. If his services had given satisfaction he considered he had done nothing more than his duty. He extended his most sincere thanks to the members and the officials for the hearty assistance they had given him in the performance of his duties. He felt specially grateful to the Clerk for the many kindnesses he had extended to him. He would assist the new Warden in any way in his power during the year. (Applause.)

The Council adjourned till ten o'clock Wednesday morning.

WEDDED THIS AFTERNOON.

A pretty wedding was celebrated at 2 p.m. today at the residence of Mrs. Casey, corner of Charles st. and Victoria avenue, when Miss Maggie Shaw was married to Mr. John Pearce, of Waukegan, Wis., by Rev. M. W. Maclean. Miss Nora Casey was bridesmaid and Master Willie Casey assisted the groom. The happy couple left on the 3:10 train for Toronto, St. Thomas and other western cities, before going to their future home. The bride received a large number of costly presents.

Pain Banished as if by Magic.

Nervine—A new cure—a positive and almost instantaneous remedy for neuralgia, internal or local pains. The most active remedy hitherto known falls far short of Nervine for potent power in the relief of nerve pain. A trial will demonstrate.

See that the cork is branded as above.

From the Grand Jury at the last County Court, accompanied by their present.

From the County Council of Lanark, asking the County Council of Hastings to join with them in a memorial to the Ontario Legislature.

From a Toronto company to issue bonds required by County officials.

From County Council of the County of Bruce, asking the local Council to unite in petition to the Government respecting the maintenance of paupers, etc.

From the High and Public School Trustees Association of Ontario, asking the Council to send a delegate to the annual convention.

From John Bell, Q.C., County Solicitor, regarding the telephone to be placed in the County buildings, holding that the City of Peterborough had the expense.

Police Magistrate Clark and Police Magistrate Flint's annual reports as to fines and fees were received.

From John McKay, Toronto, offering his services as an experienced actor.

From the Prisoners' Aid Association of Canada, asking for the usual yearly grant.

From H. H. Bedford, Police Magistrate of Deseronto, asking for his jurisdiction extended.

The late Warden, Mr. J. S. Dench, read a report of the accounts passed by him for coal supplies, repairs, etc., since the December session. Report received and filed.

The County Superintendent of Roads and Bridges, Mr. F. Van Kleeck, reported on work done and being done since last session on roads and bridges, and work necessary to be done on certain bridges throughout the county.

A statement of receipts and expenditures since the last session was presented by the Treasurer.

Mr. Pearce gave notice that he would introduce on Thursday by-laws for the appointment of Auditors of Administration of Justice Accounts, and High School Trustees.

Mr. Holgate gave notice that he would introduce by-laws to remove a few non-resident pupils attending the High School.

Mr. Dench gave notice of a by-law to impose a fee on hawkers and peddlers.

Men, Attention!

As a rule men don't take as much interest in reading advertisements as ladies, but here is one that should interest every man who wishes to wear first-class wearing apparel at extremely low prices—

SCOTCH TWEEDS We have rather too many fine Scotch Tweed Suitings, and as we are anxious to make room for the new spring goods that will soon arrive, we have determined to clear them out as follows:—

All our Fine Imported Suitings, regular price \$20 to \$25 a suit will be offered for a short time at \$15 and \$16 a suit. These will be made to your measure with best quality trimmings, fit guaranteed.

MEN'S TIES Beginning Thursday morning, we will for Three Days Only, offer a quantity of neckwear, consisting of about 300 Rows, String Ties, Derbys, and Made Scarfs, regular price of these ranging from 30c to 60c each, all at

25 CENTS EACH.

MEN'S SHIRTS For these three days we will also offer a quantity of Men's White Shirts with colored fronts, very fashionable just now, regular price \$1.00 each, for three days only at

69 CENTS EACH.

ENGLISH COLLARS We have just received a large quantity of Men's Fine English Collars, the very latest shape, called "Patrician," which we sell at 20 cents each. These are finer goods than any Canadian Collar sold at 25 cents. In order to introduce these we will during the three days of this sale offer them at

3 FOR 49 CENTS.

Geo. Ritchie & Co.

Mr. Hanley gave notice of a by-law to appoint a Board of Examiners for Third Class Teachers.

Mr. McFarlane gave notice of a by-law to loan from bank.

Moved by Mr. Dench, seconded by Mr. Holgate, that \$5,000 be loaned from the Sinking Fund and placed to the credit of the current account.

It was pointed out that there was \$20,000 in the Sinking Fund at present, that was not required to meet maturing debentures, and unless the sum was taken from the fund, as proposed, the rate would have to be increased during the coming year.

Some of the members objected on the ground of the illegality of the action, but the Clerk held that no one could complain, as no injustice was being done to any debenture holders.

The Warden left the chair, being none.

Dangers of Delay.

If we were allowed to look in the future and see the fatal consequences that follow a neglected cold, how differently would our course be; only we realize our danger, how speedily we would seek a cure, but with many it is only our folly. What follows a neglected cold? It is not diseases of the throat and lungs, leucorrhoea, asthma, consumption, and many other diseases of like nature. It is not a cold in the head, a cold in the chest, and it is not a cold in the stomach, but it is a cold in the system, and it is only not to have some good remedy available for this frequent complaint. One of the most efficacious medicines for all diseases of the throat and lungs, is **WATERBURY'S**. This medicine is composed of several medicinal herbs, which exert a most wonderful influence in curing consumption and other diseases of the lungs and chest. It promotes a free and easy expectoration, soothes irritation and drives the disease from the system.

It is easier to be good than great—there is less opposition.

At Death's Door—Dyspepsia Conquered.—A Great Medical Triumph.—Gentlemen, My medical adviser and others told me I could not possibly live when I commenced to use **WATERBURY'S**. I was one of the worst of the kind. For three years I could not eat meat and my weight decreased from 210 to 110 lbs. All the food I took for three months previous to taking the Vegetable Discovery consisted of rice, fruit, and vegetables. I was so weak and emaciated that I could not get up without the aid of my arms. I was so weak and emaciated that I could not get up without the aid of my arms. I was so weak and emaciated that I could not get up without the aid of my arms.

Dr. Wills En Route

A letter has been received at Ottawa from Inspector Wood, dated Skagway, January 14th. He says that during the previous week between 25 and 30 men had arrived at Skagway from Dawson, among them Dr. Wills, who had left Dawson on December 26th. Up to December 26th, 324 persons had passed Selkirk on the ice on their way out to the coast, and about 50 others before the river froze by way of the passes since the northern Yukon was sound in ice. Dr. Wills passed Judge McGuire's camp on the 25th, and that of Major Walsh on the 30th.

THE CRIT CONVENTION.

Mr. W. H. Biggar Declines the Nomination.

The Last Chance Gone—Casting About for a Leader of the Reform Force

—H. G. Bleeker Takes a Week to Think it Over—Notes of the Proceedings.

The Crit meeting called for the selection of a candidate for West Hastings was held on January 27th, and resulted in aught but talk. The found no one of the party have been shattered by the refusal of Mr. William H. Biggar, M.P.P., to become the party's sacrifice. Mr. Henry G. Bleeker, of Sidney, was offered the leadership of the reform force, but was given, at his own request, a week to think it over.

The meeting, which was held in the Carman Opera House, was at no time during the afternoon very large, there being numbers of seats in the house unoccupied.

The contingent from Trenton was largely composed of beardless youths, under age, who have no voice in the selection of a representative. No doubt a free ride to the city was to many the controlling motive.

The chair was occupied by Mr. H. G. Bleeker, of Sidney, President of the Reform Association, and associated with him upon the platform were a number of the prominent workers of the party in the riding.

The chairman, in opening the proceedings, spoke for some minutes in a eulogistic manner of the many acts of the Provincial Government, which he claimed, had been performed in the interest of the province. The Government should, he contended, be sustained, because it had governed the province well. Mr. Whitney, the Conservative leader, had no policy to offer, with the exception of the little pig, which was even dead. (Laughter.) He then called for nominations.

Mr. Geo. A. White, of Trenton, proposed Mr. W. H. Biggar, and the motion was supported by Dr. Simmonds, E. G. Sills and others, who spoke of Mr. Biggar as the man who could lead the party to victory.

There being no other nomination at this time it was made unanimous, and was cordially received.

Mr. Biggar, upon rising to respond, was received with cheers. He stated that it was a great honor to represent West Hastings, and he appreciated the local support that had been given him in the past. He had striven to represent the electors faithfully. He supported the present Government because there was only one party there, namely, the Liberal party. Mr. Whitney had no policy on which to appeal to the people. In speaking of the nomination which had been tendered him, he said it was difficult for him to say no, but he would have to say it, as it was impossible for him to be the candidate for a reason which he had given in private to a number of friends. He was, however, not the only man in the party who could carry the banner to victory and in the end, in declining the nomination, he stated that he would do all in his power to secure the election of the Liberal candidate whoever he might be.

The declaration of Mr. Biggar to become the candidate was an apparent surprise to the vast majority of those present, and it had the effect of dampening their ardor perceptibly.

The chairman stated that, as the meeting had called for a candidate, and Mr. Biggar had declined the nomination, he would ask for nominations.

The following names were submitted: Messrs. J. M. Farley, H. G. Bleeker, E. G. Sills, ex-M.P.P., Dr. Simmonds, of Belleville; J. G. Frost, T. S. Carman, Ald. McCammon, Jno. Williams, C.D. McCaulley, J. L. Biggar, Dr. McCall, Dr. A. White, and J. Bigelow, of Trenton.

The various gentlemen nominated were called upon and all retired.

Mr. Bleeker said there were plenty of good nominations, and he thought the gentlemen who could carry the West Riding. He did not believe he could carry the riding.

Rev. Dr. Gardiner, of Belleville, spoke at some length eulogizing the Government and announcing that he had always been a Liberal, as was his father before him.

Mr. A. Parent said there were somewhat at sea on account of Mr. Biggar's refusal. Trenton Liberals would, however, support heartily any other man (although he was willing enough to admit that they could not promise a majority in Trenton in their candidate's favor). Victory was, however, in their grasp and they should secure it.

Mr. Norzison, he said, was not worthy of the position, although he was Mayor of the town. Belleville, he claimed, should not support Mr. Morrison because he had refused to give the city the use of a portion of their water power for electric lighting purposes. In conclusion, he spoke of the Ontario Government as a good and economical Government and in their hands the Province was safe.

Ald. McCammon said he was not a candidate. It was not a difficult matter for him to be an adherent for Coleman Ward, and he had had this Ward alone to contest, he would not be afraid of the result were he a candidate, but he cautiously remarked that there were other Wards and divisions in the riding.

Mr. John Williams remarked that Mr. Biggar was not the only Liberal who could carry West Hastings. He (the speaker) had no inclination to accept the nomination.

Mr. John Nicholson, of Trenton, was frank in his remarks. He said he had neither the time nor money to go into the fight.

Mr. E. G. Sills said West Hastings was a possible constituency for the Liberals to carry in the forthcoming election. He was, however, not willing to accept the nomination.

Mr. J. M. Farley said he did not intend to be a candidate. He was afraid if he were the nominee he could not carry the riding. There was, however, a good fighting chance, although without Mr. Biggar as the candidate, it meant hard work for every Reformer. He was in

BURNS' NIGHT.

Camp Rob Roy Celebrate the Anniversary of the Poet.

Camp Rob Roy Sons of Scotland celebrated Burns' anniversary last evening by an open meeting and a choice programme.

Mr. A. McGie Chief of the Camp, presided. The programme consisted of vocal solos by Miss Maggie Falconer, Tweak; Mr. F. G. Lewis, Mr. John McIntosh and Miss Maggie Milne; vocal duets by the Misses Wilson, Miss Jessie Robertson and Mr. John McIntosh, and Miss Thompson and Mr. Walter Mills; reading, Miss Jessie Robertson; pipe selections, Mr. Wm. McIntosh; and an able address on Burns and Scottish history by Col. Ponton. It was a delightful evening for the large number of persons present.

Youths' Ulsters.

The Oak Hall are giving some extra good value in youths' ulsters. Does your boy want a coat even for next winter? If so, why not spare a small amount of cash, and invest now! We can't afford to carry these heavy coats over until next winter, and if prices will sell, these youths' ulsters will soon all go.

Not on the Programme.

A little incident occurred at the opera house last evening between the first and second acts of "A Trip to Cootenow." which was not on the bill of the play.

Manager McKay appeared before the curtain after the first act and announced that the performance would be repeated this evening, but he had only left the stage when Manager Corker appeared on behalf of the company and stated there would be no performance this evening unless he arrived at an understanding with Mr. McKay in the meantime.

The two managers retired to the box office, where hot words ensued, and the audience were kept waiting. They began to call for the balance of the show or their money back. After a half hour's intermission the show went on, but it would appear at the close that there was no understanding between Mr. Corker and Mr. McKay. One announced to the retiring audience that there would be no show this evening, whilst the other had been calling out, "The performance will be repeated to-morrow evening."

Cannibals Arrested.

Constable Johnson, of this city and Constable Scrimshaw, of Springbrook, brought to the city this morning John Mack and Wm. Green, on complaint from Magistrate Walsh. The former is charged with biting Green's fingers and the latter is charged with biting of Mack's ear. They appeared before County Judge Lachar this morning. The accused both pleaded guilty and the Judge remanded them until this afternoon on bail, in order that he might look over the depositions. Mack was fined \$30 and Green \$35 and \$1 for assaulting young Sealridge, to be paid within ten days.

PROVINCIAL FINANCES.

In other columns we reproduce a letter written to the Mail and Empire by Mayor Johnson, and published in that journal, on the finances of the Province of Ontario. That Mr. Johnson is no man, in Ontario, is better qualified to judge of the Province's finances. As one of the heads of the most largely attended Business Colleges in Canada and as a Fellow of the Institute of Chartered Accountants of Ontario, he speaks with an authority derived from practical and scientific knowledge of the subject, which the public will at once recognize; and that competence cannot be questioned by the Ontario Government, because they have chosen the works on accounting and business methods of which he is the sole or joint author as the best of their kind, and have made them the text books in their educational institutions.

The Mail and Empire says of Mr. Johnson's admirable letter, of which we recommend a careful perusal:

The letter published in this issue of the Mail and Empire from Mr. Johnson, of Belleville, is a most able and convincing arraignment of the Hon. J. A. Macdonald's financial policy. It is a masterpiece of reasoning, and it is a masterpiece of exposition. It is a masterpiece of reasoning, and it is a masterpiece of exposition. It is a masterpiece of reasoning, and it is a masterpiece of exposition.

SNAP SHOTS AT TIMELY TOPICS.

If the elections are held in March, it will indeed be Whitney's triumphal march to victory.

They all, with one accord, began to make excuse the nominees at the Grit convention.

When Mr. Bigger said that there was but one party in the Legislature he no doubt meant in his own idea. Like the popular song, "Only one Girl in the World for Me."

Is the Grit party of this city a trolley car that it should be run by the Sun newspaper and the Ladies' Association, and the Belleville Street Railway Company and control the advertising in the (2) cars?

Russell won't be able to do all the "russelling" for the Grits in the three Hastings ridings as he will find them "happy" and the same Grit sheet, which they require "all three before they will be happy."

All the property which Gritism has restored to Canada may or may not be real and substantial, but the affected property has not yet abolished the tramp who hammers on the door in the gloaming and asks for a "hand-out" or a cash deposit to obtain bed and breakfast.

The old guard of West Hastings was out in full force for the Liberal convention and the enemy is presented with a solid front—Solid Grit!

Indeed, it was a "solid front," a solid front of holes. The old sheet was in such a hurry to go to press that it did not find out last night that one of its party dared face Morrison.

The big Grit gathering in the Carleton Opera House yesterday was heavily attended, but when Bigger refused to lead the forlorn hope all was confusion, and, as no candidate was forthcoming, the principal thing done was to roundly abuse Mayor Morrison, who will carry the riding against all comers.

Mr. Parent's abuse of Mayor Morrison will do good to our candidate, Mr. Morrison, as the sworn custodian of Trenton's interests, he electric lighting, performed duty faithfully, which is the best possible guarantee that he will fairly give the interests of the people of West Hastings in the Legislature, to which he will be elected.

The influence of a newspaper in a community may be well judged by its advertising columns. Hence, the only way to reach the conclusion that the Ontario people are its contemporaries.

Yes, you'll find it especially such as the J. L. Moad Cycle Co., which the INTELLIGENCER rejected, where the publisher has to put up so much cash in addition to giving the advertisement free to secure one of their wheels. Praise not thyself, fond boaster!

YUKON "SPECULATORS."

Major Walsh Sends a Note of Warning—Awards for Timber Berths—The Successful Tenderers.

Ottawa, Jan. 28.—Mr. Stifton has received a letter from Major Walsh, written on Christmas Eve at Big Salmon River. The Major does not believe that 5,000 people can get into the country. One part of the letter contains an important warning. He says: "I am informed that 15 or 20 agents and brokers have come out from Dawson, carrying with them some hundreds, some say thousands, of certificates for entries of mines on all the streams in the neighborhood, and on the Klondike River that I believe there never was a mine of gold found on, and on all other streams in the neighborhood, and on the Klondike River, with the hope that they can be put on the market and be readily sold by the speculators of the United States and Canada. They are trying to imitate the brokers of South Africa and Honolulu. If it is true there is a question that it will be injurious to the country and to good properties that may be put on the market."

Yukon Timber Berths Awarded.
The Interior Department has accepted the following tenders for timber berths in the Yukon: A. C. Cross, Hualukuk River; A. MacLean, A. MacLean, J. S. Vachow, Lewis and Selkirk Rivers; J. S. Connell, Hualukuk River; Klondike Mining and Trading Company, Klondike River; Teesta Lake; J. J. Johnson, Lake Lahogah; H. Danville, Lake Vase; A. S. Kerry, Lake Vase.

All the successful tenderers are Canadians, and they say an average of \$1,000 of a bonus for each year. Each license will cost a saw mill before Sept. 1. The Klondike Corporation is the one of which Sir Charles Tupper is president.

General Ottawa Notes.
The Minister of the Interior has decided to include a number of the leading cities of the Dominion for the issue of free miners' licenses.

The Interior Department has issued its first official map of the Yukon Territory. It is a masterpiece of cartography, and it is a masterpiece of cartography. It is a masterpiece of cartography, and it is a masterpiece of cartography. It is a masterpiece of cartography, and it is a masterpiece of cartography.

ALLISON TO DIE.
The Governor-General Signed the Fatal Decree—The Hon. J. A. Macdonald's Will—No Concern at the News.

Ottawa, Jan. 28.—The Government has had under serious consideration the case of the boy Allison, who is lying under sentence of death for the murder of Mrs. Orr. His Excellency yesterday signed the Order-in-Council which decrees that the law shall take its course, so that Allison will be hanged on Feb. 4.

ALLISON UNMOVED.
When Told That the Death Penalty Would be His Fate on Friday Night.

Belleville, Ont., Jan. 28.—Allison, the murderer of Mrs. Anthony Orr, near Galt last August, maintains his quiet demeanor, and shows little distress over the news that he will be hanged on Feb. 4. He has even been seen to smile at the consequences for his rash and cruel act.

When informed that the petition for a stay of execution, which he had in his hand, had no effect on the sentence pronounced upon him he betrayed no signs of emotion. He merely looked at the scaffold in the same unconcerned way.

Another clergyman, Rev. J. W. German, an old Methodist minister of the town, was admitted to the prisoner yesterday, after expressing a wish therefor.

Allison's mother with her three children paid her son a visit Monday afternoon. The father is always present on such occasions. Mr. and Mrs. Allison have received notice that they may see their son for the last time next Wednesday.

Shirley Springer will not be present at the execution on account of influenza. Mr. Radcliffe, the public executioner, will arrive and make the necessary arrangements the beginning of the week.

THE POIRIER MURDER.
The Defence Will Begin to Bring Their Evidence on Tuesday.

St. Scholastica, Que., Jan. 28.—Yesterday Mr. Hall continued his evidence as follows: The old mother of San Piarre was with me on the 21st of November last. He passed at nine o'clock in the evening by the window of the room where the murder happened, and saw no light either there or in front of the house.

Mr. Poirier submitted the witness to a severe cross-examination and asked him if he did not sometimes visit the prisoner, but the answer was honest and clear, and the counsel did not go further in that direction. Several contradictions, however, between his two evidences were pointed out by the defence and the witness did not appear very certain on some important facts.

The second witness was George Parlow, brother of San, who stated that on the 1st of November San came home at four o'clock in the afternoon and dressed for bed.

Joseph Cyr, cheesemaker of St. Catharines, said that the day after the murder he met the prisoner and San Parlow at Burt's house, but they did not speak to him in the presence of those parties, because everybody seemed to have his own opinion and did not wish to be influenced by the opinion of others.

Mr. Poirier, who was in charge of the house where the murder was committed, looking in his cell came to the door and saw the prisoner, but he did not speak to him, but did not notice anything wrong in the manner. Prisoner held her back to her, but he did not notice anything wrong in the manner.

The other witness was Joseph Gratton, jailkeeper, who testified that when the prisoner was brought to jail.

The defence will call their witnesses to-day and the trial will not finish before Wednesday next.

Rev. Dr. Lucas Argued for the Potency of Law in Making Men Temperate, and for Its Power to Promote Public Peace and Order. He Claimed That the Debauching Vice of Drunkenness Would be Revived and Made Fashionable Again Because of the Unwarranted Interference With Liberty Entailed by a Prohibition Law Enforcement.

Kinston, Jan. 28.—The City Hall was crowded to-day with the debate on the Prohibition question. Rev. Dr. Lucas of Grimsby and Rev. Dr. Grant, Principal of Queen's University.

The audience was representative. Many strangers from all parts of Eastern Ontario were present. Mayor Livingston presided and introduced the debaters.

The topic was: "That a law passed by Parliament, prohibiting the importation, manufacture and sale of intoxicating liquor, would promote temperance and public and political morality."

Dr. Lucas, who was the first speaker, began by declaring that for centuries past the traffic in intoxicating beverages has been one of the great evils of the world, and that it has been a source of irritation both inside and outside of legislative halls.

THE WARDEN'S SUPPER.

A Splendid Spread and a Delightful Evening.

The Warden of the County, Mr. J. K. McGargar, has been the custom of his predecessors, entertained the members of the Council, County officials and others to a supper at Hotel Quince last evening.

It is needless to say that the supper was faultless and admirably served, as it was under the personal direction of Mr. Baird. Toasts and speeches followed till an early hour this morning.

Those present were: Warden McGargar, Mayor Johnson, Magistrate Flint, Col. Ponton, Judge Frazer, County Clerk Aylward, Inspector Johnston, Superintendent Vanleek, Mr. E. P. Brimble, J. E. Halliwell, Messrs. Parker, Cross, Hanley, Holgate, Douglas, Lancaster, English, Pearce, Page Garfield Wilcox.

Letters of regret were read from Sir Mackenzie Bowell, H. Corby, M.P., and Col. Lazier.

County Clerk Aylward occupied the chair and ex-Warden Dench the vice chair in a manner that was pleasing to all present.

"The Queen" was the first toast and was honored by the company singing "God Save the Queen."

"The Dominion Parliament, Local Legislature and the Judiciary," responded to by Judge Frazer and Police Magistrate Flint, both of whom made excellent speeches.

"The Army and Volunteers," was the next toast and coupled with it were the names of Col. Ponton and Major Halliwell, both of whom complimenting the Warden upon his election, responded to the toast in their usual happy manner.

In his speech Col. Ponton referred to the fact that his grandfather, John Ponton, was the first Warden of this County, and offered a portrait of him to be hung in the County Council Chamber.

"Our Host," the Warden, was next proposed and was received with applause and the party singing "He's a Jolly Good Fellow," and "He's a Daisy." In reply to the toast Mr. McGargar welcomed the guests. He appreciated the many kind remarks that had been made in his behalf and he was proud of the position he had been elected to fill. He took occasion to thank Col. Ponton for his offer of his grandfather's picture for the County Council.

"Our Municipal Institutions," coupled with the names of County Treasurer Wills, ex-Ald. Allen, of Kingston; Mayor Johnson and Councillor English, was proposed and duly honored. Mr. Wills recited several reminiscences in connection with the earlier Councils of Hastings. The other gentlemen responded to the toast in short speeches.

"The Learned Professions" was the next toast. It was responded to by Dr. Day, P. J. M. Anderson and Major Halliwell.

"Our Educational Institutions," was responded to by Mr. F. B. Parker and Mr. John Johnston.

"Our Agricultural Interests," was fittingly responded to by Messrs. Holgate and Hanley.

"Our Mining Interests," was also responded to by Mr. Cross and Mr. Pearce.

"The Press," responded to by representatives of the INTELLIGENCER, the Ontario and the Sun.

"The Ladies," was responded to by Messrs. E. P. Brimble, Vanleek and Lancaster.

The catering looked up by singing "Auld Lang Syne" and "God Save the Queen."

Heart Rescued in 30 Minutes.

After momentarily expecting for years that death might snap the vital cord at any moment and have told the story thousands could tell of the almost divine formula, Dr. Agnew's Cure for the Heart.

Don't Want the Bridge.

At yesterday afternoon's session of the County Council the petition for a bridge over the Mica, north of the G.T.E.R., signed by a large number of residents of Sidney, Thurston and the city, was thrown out, on the ground that the County could not afford the expenditure this year.

MR. JOHN STOKES CHOSEN

As the Conservative Candidate in East Hastings.

Mr. Hudson Declines for Personal Reasons—The Nomination Unanimous—Officers Elected and Speeches Made.

The adjourned meeting of the Conservatives of East Hastings was held at Roulin yesterday afternoon, and despite the fact that it was a bitterly cold day there was a large turnout from all parts of the riding, and the same harmonious feeling prevailed as existed at the meeting a week previous.

Mr. W. P. Hudson, who was nominated at the meeting a week ago, and who was given a week in which to decide whether he would accept or not, was present and addressed the meeting. He declined the nomination for personal reasons, which he stated to the meeting, and which were quite satisfactory to those present.

The President, Mr. P. R. Daly, called for nominations and Mr. John Stokes, of Hungerford, and Mr. Alex. McFarlane, of Tyndinings, were nominated.

Mr. McFarlane retired in favor of Mr. Stokes, and in doing so said he did so because he thought Mr. Stokes was a stronger man than himself in the riding. He asked for Mr. Stokes the same hearty support that would have been accorded Mr. Hudson had he accepted the nomination. He appealed to the farmers of East Hastings to support Mr. Stokes as a farmer, who would look closely to their interests if elected.

The nomination of Mr. Stokes was unanimous and was received with loud cheers. The candidate addressed the meeting at some length, dealing with some important issues of the present contest. He was going into the fight to win and asked the support of every Conservative in the riding to assist him in his purpose.

Addresses were also made by Mr. W. B. Northrup, Ald. N. B. Falkner and others, all of whom predicted for Mr. Stokes a sweeping victory.

The following officers for the Conservative Association of East Hastings were elected:

President—P. R. Daly (re-elected).

Vice-Presidents—Thurlo, E. N. Gould; Tyndinings, Adam Leslie; Hungerford, Robert Sayre; Dwyer, Wm. White; Deseronto, Dr. Newton.

Secretary—Chas. Hudson.

The meeting broke up with cheers for the candidate, Mr. Whitney and the Queen.

English Linen Collars.

We are making a specialty of English Linen Collars for men. We have them in three qualities, to sell at 10c, 15c and 20c each. These are much better wearing collars than the Canadian makes at the same prices. In fact, our 20c English collar will outwear the 25c Canadian kind. Even our 20c collar, however, is not the VERY BEST quality English collar, as there is an extra fine English collar made that could not be sold in Canada at a profit for less than 25 cents.

We have just received a large lot of the new shape English collar, "Patrician," 20 cents each, and for a few days we will, in order to introduce them, sell

3 FOR 49 CENTS.

Scotch Tweed Suitings.

If you have not been one of the fortunate ones to secure one of our fine Imported Tweed Suitings, regular \$20 to \$25, for \$15 or \$16, it will pay you to come in at once and make a selection. Already we have sold a number of suits, but there are some very choice styles remaining, all this season's newest productions. We have taken the entire range and marked them at just two prices, \$15 and \$16.

DESERONTO BEATEN.

The Belleville Hockey Team Put up a Strong Game Last Night.

The first game of hockey this season in the Quinte League on local ice was played last evening on the I.O.O.F. band rink and Deseronto was the opposing team.

It proved a walk-over for the locals, who literally snowed the boys from Sawdustville under the local team is by no means what it was last year, yet it can give any team in the district a strong argument.

To describe the game in detail would be monotonous to our readers, as the puck was most of the time in Deseronto territory and it was a veritable shower of shots that rained on their fortresses.

In the first half Belleville scored seven goals to their opponents two and in the second half they scored eight to one, making the total fifteen to three.

The Deseronto team has some good individual players, but they were successfully checked by the strong Belleville defense.

The teams were as follows:
Deseronto—Stewart, goal; Edwards, point; Woodcock, cover point; McDonald, J. Edwards, Prickett, O'Rourke, forwards.

Belleville—Jamieson, goal; Hulme, point; Matheson, cover point; Dr. Perry Goldsmith, Kels, McGuire and Gorman, forwards.

F. M. McKewen, referee; umpires, A. McNeil and H. Hamilton.

Unfortunately for the local team the attendance was small. The ice was in good condition and the light was excellent.

ALMOST A MIRACLE.

Gentlemen, - I hardly know how best to express my appreciation of your valuable rheumatic remedy, Phenoline. My son Gordon, who is 9 years old, has been a sufferer from inflammatory rheumatism for the past two years; was so bad at times

We made an extra large purchase of Hockey Sticks for

that he had to be carried about on a mattress; was attended by two city doctors and spent 10 days in the hospital. He spent 10 days at Caledonia Springs, came home with no marked improvement; took three bottles of a Homeopathic remedy now being extensively advertised, which did not relieve him in the least. I was beginning to give up hope of his recovery, when by chance I mentioned the case to a friend who strongly advised me to give Phenolome a trial.

I did so, with the result that when my boy had taken only the first bottle he was able to get on to his bicycle and ride like any other boy about the block.

I certainly feel that I cannot say too much in praise of your medicine, and shall do so. I can to make known its value to others.

Yours very sincerely,

WELL & RICHARDSON CO.,

DEAR SIRS:—I had dyspepsia and indi-
gestion so bad that I lost all desire for
food. The very sight of it would sicken
me, and I was in misery. Frightful con-
stipation, which required daily attention,
added to my burden, and so really I felt
at times life was scarcely worth the living.
I was never without a cough, and always
had a hoarsely coated tongue and bad taste
in my mouth. My ailments and failure to
get relief discouraged me, and, physically
run down and mentally worried, I felt
little like looking for work and less like
doing it. Now I am strong and well, able
for any work, and willing to do it; you can
be sure. The great change was wrought
by Pain's Celery Compound, used accord-
ing to directions.

Yours faithfully,
Wm. H. BUCKINGHAM,

The complaints paid by the poor are
often put in an amusing way. One old
woman who was very fond of the pector
said to Mr. Bernays: "You know, sir,
us likes the doctor: 'is ears are ac-
clear.'" Surely an odd reason for pa-
rochial affection. Another admirer of
declared with regard to the whole staff
of clergy, "You are all so plain" (a
word of high commendation) "but
for the vicar," "he beautiful." The great-
est compliment, though at the same time
the most curious Mr. Bernays ever heard,
was paid by a workingman to a country
bishop, famous for his simple kindli-
ness, "What I like 'bout the bishop is
'e's not a gentleman."—Westminster
Gazette.

Duty.

To do the duty nearest, simple and
natural as it may seem, is really the
most difficult thing in life. To see it
even is difficult. I do not know what
is in man that always makes him en-
amored of the distant thing. It is always
tomorrow and tomorrow. Today we
will dream and plan and postpone to-
morrow we will act, and so life goes to
be a mass of neglected yesterday's, a de-
ceiving show of promised to-morrows,
nothing really accomplished.—J. E. W.

Not merely extravagance in dress, but
such social misadventure as flirting,
received due legislative condemnation.
Fifty males were known to encourage
lovers in more than one suit, and gay
deceivers of the sterner sex would some-
times seek to win the affections of two
and extreme persons were tried in vain
to secure the person they desired. Where-
fore it was enacted that "every
minister should give notice in his
church that what man or woman soever
should use any word or speech or sign
or contract of marriage to two several
persons at one time as might entangle or
breed scruples in their consciences,
should for such their offense, either un-
dergo corporal correction (by whipping),
or be punished by fine or otherwise, ac-
cording to the quality of the person so
offending."

Men were held to more strict account-

ber of the council was liable to be punished
with the pillory. It was also improp-
er to speak too freely about clergymen,
who were in a great reverence. No

to effect a cure and signally failed. I tried
all the remedies of solid ability with the
result, and had reached that point where I

GIGANTIC MONOPOLIES.

YUKON RAILWAY AND THE

OGILVIE YUKON REPORT.

The present professed anti-monopoly

Ministers in Ottawa and Ontario are out

Handing all former Governments in grant-

ing exclusive favors to contractors. The

Toronto World has taken strong grounds

against these concessions, and says:—

ARE YOU THE LIST?

Information for the Guidance

of Belleville Electors.

Every Voter Should Make Sure That He

Is Enfranchised for the Coming

Provincial Contest.

Conservative electors, in view of the

approaching election, will be interested in

knowing something of the composition and

mode of preparation of the Voters' Lists to

be used thereat. The lists to be used here

will be composed of the names of all electors

on Part I. of the Municipal Voters' Lists of

1898, with the addition of all names added

thereto at the sittings to be held in a

few days for the registration of voters.

Under the Municipal Voters' Registration

Act a Board of Registrars is constituted.

The Board must hold four sittings for the

registration of voters: the first, of electors

to be held on the seventh day after the

dissolution of the House. The sittings

continue from ten o'clock in the morning

of each day till nine o'clock in the evening;

and on the seventh day after the

dissolution of the House, the sittings
